Love of Country Madeleine Bunting, 2017-04-11 Excellent Almost the perfect marriage of travelogue to the inner landscape of political ideas and cultural reflections a super read New Statesman Few landscapes are as striking as that of the Hebrides the hundreds of small islands that speckle the waters off Scotland's northwest coast The jagged rocky cliffs and roiling waves serve as a reminder of the islands dramatic geological history Facing the Atlantic the Hebrides were at the center of ancient shipping routes and have a remarkable cultural history After years of hearing about Scotland as a place interwoven with the story of her family Madeleine Bunting went to see for herself this place so full of history Over six years Bunting returned again and again to the Hebrides fascinated by the question of what it means to belong there With great sensitivity she takes readers through the Hebrides history of dispossession and displacement a history that can be understood only in the context of Britain's imperial past and she shows how the Hebrides have been repeatedly used to define and imagine Britain *Love of Country* is a revelatory journey through one of the world's most remote beautiful landscapes that encourages us to think of the many identities we wear as we walk our paths A remarkably thorough digest of the many histories of the Hebrides Wall Street Journal Moving and wonderful Both the author and reader of this book end up losing themselves not just in politics and history and the details of nature but a sense of wonder The Guardian Makes you feel you are there even if you have just left Observer Best Books of the Year
