Love Fran Wellgood,2019-04-25 What if we loved ourselves more than we could imagine We are told to love ourselves but we don't know how or even why What if we learned actual techniques that helped us love ourselves and align our energy with our Higher Self and the Universe for a more joyous life It's possible and it just takes willingness and practice When we learn and use real tools we are better able to surf the waves of life and meet life with grace When we learn how we are resisting loving ourselves and learn how to allow the love we are to flow through us we utilize the buoyant loving energy of the Universe to flow more smoothly and joyously through life Everything is energy including us When our energy is in balance and flows smoothly we feel harmonious peaceful and aligned with our true nature our Higher Self part of the Universe This is our natural state Daily life often seems to interrupt our connection with our true state of being By working with our energy and metaphysical principles we can remember who we really are we realign with our true self which is pure Love and experience the ease peace and joy that results Metaphysics is about using the energy we are beyond our body in a practical way while we are in this body By understanding that we are both human and Divine and having compassion for how challenging it is to live in this world we begin to understand Love the most powerful force in the Universe This is not mysterious this is very real and very available to each of us The keys to healing are Love and Willingness The keys are yours for the taking It's not What You Do, It's How You Become Deborah Rae Hall,2025-03-26 Deborah Hall's book How You Become is the result of a writing partnership with Star Beings from the Pleiades who have been communicating with her since 1999 This book is an amazing handbook of love with lessons in learning to love your self along with challenges to put your love into action for the benefit of Mother Earth and others struggling to survive Organized as a daybook with an essay to read each day the words will uplift you and hold your spirit high while helping you open your heart There are 52 exercises which are as inspiring and full of love as the essays They will stretch your heart muscles until you find the love you have been searching for Listen to your heart and let this book find you Loving Deliberately Steve Bannow,2019-05-14 What does loving deliberately mean to you It may take a lot of thinking soul searching and introspection to develop your own answer to this question and even then it could be difficult to spell out your thoughts into words Loving Deliberately is a collection of what scores of individuals some famous some not have written on the subject The responses vary widely but each has an importance all of its own First in Traveling Deliberately then in Aging Deliberately and now in Loving Deliberately Steve Bannow has completed his task of helping us truly understand the importance of being thoughtful in the moment and living life well deliberately Loving deliberately must be discovered over time and in stages Getting there requires a true desire to do so It requires experience learning and growth Steve's wish is that all who read this book will come away with a greater sense of who they are what is most important to them and why **The White Stone** Esther de Waal,2022-02-20 Esther de Waal is one of today's most beloved spiritual writers In The White Stone she reflects on the changes and losses that come with growing older Esther reflects on solitude and following a period of illness saying goodbye to a family home and the

this book will lead you in His direction If you do believe my prayer is that you ll come to see that Christianity is about more than attending church on Sunday and that you ll find the joy that is made complete in the Word of God
