Lucy Boomer Russell Hill, 1993-01-01 A down and out college professor in search of a future drives a ninety three year old woman through a highway culture of bars and motels and back across a century of unrecorded American history Reprint

Family or Freedom Emily West, 2012-11-01 In the antebellum South the presence of free people of color was problematic to the white population Not only were they possible assistants to enslaved people and potential members of the labor force their very existence undermined popular justifications for slavery It is no surprise that by the end of the Civil War nine Southern states had enacted legal provisions for the voluntary enslavement of free blacks What is surprising to modern sensibilities and perplexing to scholars is that some individuals did petition to rescind their freedom Family or Freedom investigates the incentives for free African Americans living in the antebellum South to sacrifice their liberty for a life in bondage Author Emily West looks at the many factors influencing these dire decisions from desperate poverty to the threat of expulsion and demonstrates that the desire for family unity was the most important consideration for African Americans who submitted to voluntary enslavement The first study of its kind to examine the phenomenon throughout the South this meticulously researched volume offers the most thorough exploration of this complex issue to date **Lucy Boomer** Ezra Sacks, 1997

Holmes Ammidown, 1877 **Historical Collections** Holmes Ammidown, 1874 Silver Fox of the Rockies Daniel Tyler, Delph

Carpenter, 2003 Delphus E Carpenter 1877 1951 was Colorado s commissioner of interstate streams during a time when water rights were a legal battleground for western states A complex unassuming man as rare and cunning in politics and law as the elusive silver fox of the Rocky Mountain West Carpenter boldly relied on negotiation instead of endless litigation to

forge agreements among states first before federal intervention In Silver Fox of the Rockies Daniel Tyler tells Carpenter s story and that of the great interstate water compacts he helped create Those compacts produced in the early twentieth century have guided not only agricultural use but urban growth and development throughout much of the American West to this day In Carpenter s time most western states relied on the doctrine of prior appropriation first in time first in right which granted exclusive use of resources to those who claimed them first regardless of common needs Carpenter feared that population growth and rapid agricultural development in states sharing the same river basins would rob Colorado of its right to a fair share of water To avoid that eventuality Carpenter invoked the compact clause of the U S Constitution a clause previously used to settle boundary disputes and applied it to interstate water rights The result was a mechanism by which complex issues involving interstate water rights could be settled through negotiation without litigating them before the U S Supreme Court Carpenter believed in the preservation of states rights in order to preserve the constitutionally mandated balance between state and federal authority Today water remains critically important to the American West and the great interstate water compacts Carpenter helped engineer constitute his most enduring legacy Of particular significance is the Colorado River Compact of 1922 without which Hoover Dam could never have been built Family Bonds Ted

Maris-Wolf,2015-04-20 Between 1854 and 1864 more than a hundred free African Americans in Virginia proposed to enslave themselves and in some cases their children Ted Maris Wolf explains this phenomenon as a response to state legislation that forced free African Americans to make a terrible choice leave enslaved loved ones behind for freedom elsewhere or seek a way to remain in their communities even by renouncing legal freedom Maris Wolf paints an intimate portrait of these people whose lives liberty and use of Virginia law offer new understandings of race and place in the upper South Maris Wolf shows how free African Americans quietly challenged prevailing notions of racial restriction and exclusion weaving themselves into the social and economic fabric of their neighborhoods and claiming through unconventional or counterintuitive means certain basic rights of residency and family Employing records from nearly every Virginia county he pieces together the remarkable lives of Watkins Love Jane Payne and other African Americans who made themselves essential parts of their communities and in some cases gave up their legal freedom in order to maintain family and community ties
