Saint Giuseppe Moscati Antonio Tripodoro,2015-08-18 This is the compelling and inspirational true story of a twentieth century doctor and saint Giuseppe Moscati born of an aristocratic family in Naples Italy devoted his medical career to serving the poor He was also a medical school professor and a pioneer in the field of biochemistry whose research led to the discovery of insulin as a cure for diabetes Moscati regarded his medical practice as an apostolate a ministry to his suffering fellowmen Before examining a patient or engaging in research he would place himself in the presence of God Moscati treated poor patients free of charge and he would often send them home with an envelope containing a prescription and a fifty lire note He could have pursued a brilliant academic career taken a professorial chair and devoted more time to research but he continued to serve his beloved patients and to train dedicated interns By the witness of his example he taught his many medical students to practice their profession in a spirit of service saying that suffering should be treated not as just pain of the body but as the cry of a soul to whom another brother the doctor runs with the ardent love of charity The sick are the faces of Jesus Christ and the Gospel precept urges us to love them as ourselves *Butler's Saints of the Third Millennium*

Paul Burns,2001-01-01 Pope John Paul II has proclaimed an unprecedented number of new saints and blessed in the 25 years of his pontificate and shows few signs of slowing the process despite the criticism from at least one cardinal that the altars are getting a little crowded The proclamations have been made in a large number of countries from which the new saints and blessed have come This reflects a deliberate policy of strengthening the faith of local churches against the threats from totalitarianism secularism Pentecostalism etc the Vatican tends to see most of the outside world as a threat There has also been a deliberate policy to seek more examples of holiness from outside the ranks of clergy and religious The twentieth century has been seen as the century of martyrs largely those of Nazism and Communism and they feature prominently those of nominally Catholic military regimes are less favoured The Introduction will make such points This volume proposes to cover a four year period in the Butler s style Blessed appearing in the 1995 2000 volumes who have since been canonized will have their entries updated and expanded as necessary new blessed will be featured with the information that is available which in the case of some Third World figures is not very much Entries will therefore range from around 3 000 words to 200 with an average of some 800 The number of entries will be approximately 80 Brotherhood of Saints Melanie Rigney,2020-11-06 In this page a day book Melanie Rigney gives us a panoply of widely known and more obscure saints who show the way to be better disciples of Christ They offer compelling examples of how to meet the challenges of daily life be strengthened in your faith and become the man God created you to be While no such book would be complete without entries on Peter Paul the Francis Anthony of Padua Augustine and the other Doctors of the Church Ignatius of Loyola Benedict John John Paul and so on it will also include many of the men canonized in the past fifty years including Oscar Romero Louis Martin Francisco Marto Jos Gabriel del Rosario Brochero Junipero Serra and the martyrs of Otranto Natal Korea and the Spanish Civil War
