ATLANTE

Il progetto di un atlante di immagini e testi, che si articola in una serie di tavole, ciascuna dedicata a un tema specifico. L'atlante è un lavoro di ricerca e di documentazione, che mira a raccogliere e organizzare informazioni su un determinato argomento. In questo caso, l'atlante si occupa di temi legati alla storia e alla cultura, con particolare riferimento alla regione atlantica. Le tavole sono disposte in una sequenza logica, che permette di seguire l'evoluzione del tema trattato. Ogni tavola è arricchita da immagini, disegni e testi, che insieme formano un corpus di informazioni prezioso per chi si occupa di questi argomenti.

Explorers Collectif, 2016-09-08T00:00:00+02:00 This publication brings together an outstanding ensemble of works by artist explorers selected from France's national collections Whatever the terrain on land or at the depths of the ocean real virtual or even at the farthest limits of the subconscious exploration remains a quest accomplished thanks to and in spite of oneself to redefine the contours of a world whether it exists for real or in our imagination In this respect exploration is not so unlike art which is largely inspired by it both in terms of how it is done and its objective From Voyage autour de ma chambre by Xavier de Maistre whose detailed inventory encompasses just a single room to Jules Verne's Voyages extraordinaires in which we anticipate an exploration of the seas the centre of the Earth and outer space the paths taken by the explorer seem infinite from the most exotic to the most local from the direct trajectory to the most labyrinthine of routes In this book the artist assumes the role of explorer inventor and cartographer in turn plunges into the seas traverses the oceans digs beneath the earth loses their way finds it again or becomes a castaway taking the reader along with them on the ride This digital book is a revised and enhanced edition of the two catalogues created to present the Explorateurs exhibition shown at the Centre des Arts in Enghien les Bains in 2010 then at the Musée de l'Abbaye Sainte Croix des Sables d'Olonne in 2012 Sébastien Faucon Centre national des arts plastiques

Art and knowledge after 1900 James Fox, 2023-12-12 This groundbreaking new history of modern art explores the relationship between art and knowledge from the beginning of the twentieth century to the present day Each chapter examines artistic responses to a particular discipline of knowledge from quantum theory and theosophy to cybernetics and ethnic futurisms The authors argue that art's incursion into other intellectual disciplines is a defining characteristic of both modernism and postmodernism Throughout the volume poses a series of larger questions is art a source of knowledge If so what kind of knowledge And ultimately can it contribute to our understanding of the world in ways that thinkers from other fields should take seriously

Trends in Contemporary Italian Narrative 1980-2007 Gillian Ania, Ann Hallamore Caesar, 2009-05-05 The new Italian narrative that began to be spoken about in the 1980s was not associated with a single writer or movement but with an eclectic and varied production The eight essays that make up this volume set out to give a flavour of the breadth and range of recent trends and developments The collection

opens with two essays on crime fiction In the first Luca Somigli examines novels dealing with topical issues or recent history and which reveal a strong indigenous and regional tradition while in the second Nicoletta McGowan discusses the particular case of a noir by Claudia Salvatori They are followed by essays on two of Italy's best known contemporary writers Marina Spunta's essay explores the representation of space place and landscape in the work of Gianni Celati and photographer Luigi Ghirri while Darrell O Connell analyses the fiction of Vincenzo Consolo and his struggle to find a means of representing an ethical stance within fiction Two essays then examine the role of the anthology for young writers Charlotte Ross and Derek Duncan in the context of lesbian and gay writing looking at identity politics and the problematics of categorization Monica Jansen and Inge Lanslots in that of the Young Cannibals and their often unsettling non literary language and orientation towards cinema pop music and slang The penultimate essay by Jennifer Burns discusses the literature of migrants to Italy focusing on questions of identity memory mobility and language while the final contribution by Gillian Ania is a study of apocalypse and dystopia in contemporary writing looking at novels by Vassalli Capriolo Avoledo and Pispisa This volume examines Italian narrative from the 1980s to the present from the original viewpoint of genres categories trends rather than author based analyses It highlights the innovations of the last twenty years incorporating into the various themes well known writers like Consolo Celati and Vassalli with relative newcomers like Avoledo and Pispisa The contributors to the volume academics from the UK Ireland Canada Belgium cover a wide range of themes which have come to the fore during this period ranging from detective stories both the giallo and the noir to lesbian and gay writing to immigration literature in Italian to the study of apocalypse and dystopia The themes are contextualized in the socio political and cultural changes taking place in Italy and parallel to this the temporal moments of the narratives are in turn related to their historical realities This is a richly woven account which presents post 80s Italian narrative from a new and stimulating angle in eight lucid and informative essays which will be welcomed by all those interested in contemporary fiction in its cultural context Professor Anna Laura Lepschy Department of Italian University College London *Looters, Photographers, and Thieves* Pasquale

Verdicchio, 2011-04 What do we see when we think of Italy How is our sense of that country its people and culture formed what conditions it *Looters Photographers and Thieves* suggests that our visualization and relationship to a place like Italy is the result of a long and complex series of constructed images that have their origins in the ideology of nation building
