Lumbermen On The Chippewa:

Lumbermen on the Chippewa Malcolm Leviatt Rosholt,1982 The Chippewa Richard D. Cornell,2017-05-03 Inspired by August Derleth's seminal book *The Wisconsin* Richard D Cornell traveled the Chippewa River from its two sources south of Ashland to where it joins the Mississippi Over several decades he returned time and again in his red canoe to immerse himself in the stories of the Chippewa River and document its valley from the Ojibwe and early fur traders and lumbermen to the varied and hopeful communities of today Cornell shares tales of such historical figures as legendary Ojibwe leader Chief Buffalo world famous wrestler Charlie Fisher and supercomputer innovator Seymour Cray along with the lesser known stories of local luminaries such as Dr John Little Bird Anderson Cornell gathered firsthand stories from diners and dives local museums and landmarks quaint small town newspaper offices and the homes of old timers and local historians Through his conversations with ordinary people he gets at the heart of the Chippewa and shares a history of the river that is both one of a kind and deeply personal American Lumbermen ,1905 *American lumbermen : the personal history and public and bus* ,1905 **Historic Hayward and Sawyer County Sketches** Patricia Lacey,2023-02-21 History can really be a lot of fun Especially when Author Patricia Lacey combines both her love of history with her love of muskie fishing The book contains sketches about wardens gangsters and muskie fishermen coupled with a chronology of the historic eras that effect the way we live in Sawyer County today The sketches found in this book touch upon impactful events from the arrival of the Ojibwe Indians the logging era and how the landscape was drastically changed the building of the Chippewa Flowage and how Resort Era tourism saved the day The sketches on gangsters demonstrates how Chicago's gangsters loved to come to Sawyer County to rest recreate and fish taking a break from bootlegging prostitution and gambling However they still broke the law fishing and hunting illegally which required game wardens to protect both fish and game Even a legendary crime that was brutally carried out in Chicago was hatched right here in Sawyer County Finally the muskie fishing angle after all Hayward Wisconsin is the muskie capital of the world More world record muskies have been caught here in our lakes than anywhere else in North America Through her sketches Patricia introduces us to three muskie legends highlighting their lives exploits and catches The closing chapter is a sketch about the Mighty Muskie The fish of 10 000 casts The story of this behemoth lurking beneath the water will leave you with a greater understanding about why a 143 foot long muskie monument was built in Hayward The book is a fun read and may lead you to discover something new about the history of Hayward and Sawyer County *Dispatches from the Drownings* B. J. Hollars,2014-09-01 Disturbed by stories of drownings in the river behind his home in Eau Claire Wisconsin writer B J Hollars combed the archives of local newspapers only to discover vast discrepancies in articles about the deaths In homage to Michael Lesy's cult classic *Wisconsin Death Trip* Hollars pairs reports from late nineteenth and early twentieth century journalists with fictional versions creating a hybrid text complete with facts lies and a wide range of blurring in between Charles Van Schaick's macabre staged photographs from the era appear alongside the

The Untold Story of Mount St. Helens Steve Olson, 2016-03-07 A riveting history of the Mount St Helens eruption that will
 long stand as a classic of descriptive narrative Simon Winchester For months in early 1980 scientists journalists sightseers
 and nearby residents listened anxiously to rumblings in Mount St Helens part of the chain of western volcanoes fueled by the
 700 mile long Cascadia fault Still no one was prepared when an immense eruption took the top off of the mountain and laid
 waste to hundreds of square miles of verdant forests in southwestern Washington State The eruption was one of the largest

 in damage It killed fifty seven people some as far as thirteen miles away from the volcano s summit Shedding new light on
 the cataclysm author Steve Olson interweaves the history and science behind this event with page turning accounts of what
 happened to those who lived and those who died Powerful economic and historical forces influenced the fates of those around
