Luminous Journeys Sharon Blessun, 2001-11 Luminous Journeys Natural Portals to the Spiritworld is for those who want to find a spiritual practice to nourish their lives The reader is invited out of our fast paced hyper stimulated multi tasked culture to another way of being This journal teaches you how to alter your state of consciousness so you can have a heightened awareness of the spiritual energies around you You are invited to meet Nature again for the first time You are welcomed through its many portals into luminous experiences in the sacred landscape You are called out of life as usual for healing and illumination **Light as Experience and Imagination from Paleolithic to Roman Times** David S.

Herrstrom, 2017-09-26 This book is an interdisciplinary synthesis and interpretation about the experience of light as revealed in a wide range of art and literature from Paleolithic to Roman times Humanistic in spirit and in its handling of facts it marshals a substantial body of scholarship to develop an explication of light as a central even dramatic reality of human existence and experience in diverse cultural settings David S Herrstrom underscores our intimacy with light not only its constant presence in our life but its insinuating character Focusing on our encounters with light and ways of making sense of these this book is concerned with the personal and cultural impact of light exploring our resistance to and acceptance of light Its approach is unique The book s true subject is the individual s relationship with light rather than the investigation of light s essential nature It tells the story of light seducing individuals down through the ages Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions to it as reflected in art Paleolithic through Roman architecture Egyptian Grecian Roman mythology and religion Paleolithic Egyptian and literature e g Akhenaten Plato Aeschylus Lucretius John the Evangelist Plotinus and Augustine This book celebrates the complexity of our relation to light s character No individual experience of light is truer than any other none improves on any previous experience of light s tidal pull on us And the wondrous variety of these encounters has yielded a richly layered tapestry of human experience By its broad scope and interdisciplinary approach this pioneering book is without precedent
