relationship between the cycles of Venus and Mars and their impact on our lives Using many case histories the author shows how although synastry is important possibly of greater importance is the aspect between the two planets within their cycles because that can dictate the timing of key moments in a relationship She shows how the degree of the original conjunction

Horary Astrology Petros Eleftheriadis, 2019-03-20 Horary astrology is a fascinating and exacting technique and here is the perfect book to hone your skills Author Petros Eleftheriadis presents over fifty valid charts taken from his client files which demonstrate in clear steps how to reach an answer He stresses the importance of starting with the correct question for instance he doesn't accept Should I questions saying Astrology charts cannot possibly show something that will NEVER materialize something that will never become reality so they cannot show how your life would be had you made another decision So rather than asking whether you will win the lottery if you buy a ticket the correct action would be to buy the ticket then ask if you will win Ideal for students and professionals with some knowledge of horary astrology Essays on Evolutionary Astrology Ed Deva Green, 2011-06-11 When Jeffrey Wolf Green retired and went into seclusion he left his daughter Deva with everything that he had ever written which included drafts of various manuscripts which he had intended to publish at various points This also included every audio tape video dvd and transcript of his lectures delivered over a lengthy career He also gave Deva his business and asked her to carry on with it This book reflects her desire to continue to disseminate his work as widely as possible In Essays on Evolutionary Astrology The Evolutionary Journey of The Soul there is a combination of transcribed lectures with parts of various manuscripts most of which has never been in print before
