Tea Poetry and Tea Tao in Song Dynasty Jie Huang, 2025-09-26 This book systematically explores the tea culture in the tea poetry of the Song Dynasty, comprehensively presents the style of tea Tao in the Song Dynasty, and presents the relationship between tea Tao and the creation of tea poetry in the Song Dynasty, greatly expanding the literary resources for the study of tea Tao and coming up with new findings, including the conclusion that tea art and tea Tao are one and the same, as the former constitutes the essence of the latter. Tea Tao is a crystallization of Chinese culture, which underwent broader and more profound development during the Song Dynasty. It has inherited the achievements of ancient Chinese thoughts and incorporated the new developments of Taoist and Zen Buddhist thoughts in the medieval period, showcasing the characteristics of the nation and the time. A History of Western Appreciation of English-translated Tang Poetry Lan Jiang, 2018-03-08. This book examines the development of English-translated Tang poetry and its propagation to the Western world. It consists of two parts: the first of which addresses the initial stage of English-translated Tang poetry's propagation and the second exploring its further development. By analyzing the historical background and characteristics of these two stages, the book traces the trend back to its roots, discusses some well-known early sinologists and their contributions, and familiarizes readers with the general course of Tang poetry's development. In addition, it presents the translated versions of many Tang poems. The dissemination of Tang poetry to the Western world is a significant event in the history of cross-cultural communication. From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts, the Tang poetry translators gradually constructed a classic Chinese style in modern American poetry. Hence, the traditional Chinese culture represented by Tang poetry spread more widely in the English-speaking world, producing a more lasting impact on societies.
