Luxury and Gender in European Towns, 1700-1914 Deborah Simonton, Marjo Kaartinen, Anne Montenach, 2014-09-04 This book conceives the role of the modern town as a crucial place for material and cultural circulations of luxury. It concentrates on a critical period of historical change: the long eighteenth and nineteenth centuries that was marked by the passage from a society of scarcity to one of expenditure and accumulation, from ranks and orders to greater social mobility, from traditional aristocratic luxury to a new bourgeois and even democratic form of luxury. This volume recognizes the notion that luxury operated as a mechanism of social separation but also that all classes aspired to engage in consumption at some level, thus extending the idea of what constituted luxury and blurring the boundaries of class and status often in unsettling ways. It moves beyond the moral aspects of luxury and the luxury debates to analyze how the production, distribution, purchase, or display of luxury goods could participate in the creation of autonomous selves and thus challenge gender roles.

Luxury--Gluttony: Two of the Seven Cardinal Sins Eugène Sue, 2021-04-25 In *Luxury Gluttony: Two of the Seven Cardinal Sins*, Eugène Sue delves into the intricate moral landscape of 19th century Paris, weaving a narrative that scrutinizes the societal implications of excess and indulgence. This work employs a blend of melodrama and realism, characteristic of Sue's style, effectively illustrating how the sins of luxury and gluttony can distort lives and societal values. By exploring the interplay between wealth, power, and morality, Sue casts a critical eye on the bourgeois society of his time, encapsulating the tensions that accompany affluence within a rapidly industrializing world. Eugène Sue, a prominent French novelist and social critic, was deeply influenced by the social upheavals of his day, including the rising disparities between classes. His experiences as a politician and a witness to the effects of poverty and opulence provided a fertile ground for his exploration of vice, morality, and social justice. *Luxury Gluttony* reflects Sue's commitment to exposing the underbelly of wealth and its consequences, making it a significant contribution to the literature of social critique. This book is highly recommended for readers interested in the intersection of morality and sociology, as well as those keen to explore the complexities of human nature in the midst of societal decadence. Sue's compelling prose invites readers to ponder the delicate balance between desire and moral virtue, making it a timeless reflection on the human condition.

Male Idols and Branding in Chinese Luxury Amanda Sikarskie, Lan Lan, Peng Liu, 2022-12-29 Challenging the Western view of idols as objects of worship, this book explores the role that male idols play in fashion and cosmetics brand marketing in mainland China, Hong Kong, and Macau, including the role of the female gaze. It examines idols in the more modern, pan-Asian sense of the word as objects of social devotion, worshipped by the adoring masses, and in China and Korea as objects of social and moral uplift. The contemporary idol wields great power: the power to influence taste and to sell. *Male Idols and Branding in Chinese Luxury* focuses on their ability to arouse the consumer appetite to buy. In China, popular culture idols play a vital role in the luxury fashion and cosmetics industries as brand ambassadors, and this volume fills a critical gap in the English language literature.

on this key element of the marketing industry bringing together authors from the United States and China and featuring case studies on idols Wang Yibo and Xiao Zhan Through considering the subtleties of branding and marketing in China Korea and Japan and the relationship of Chinese idols to fans and consumers in other Asian countries the authors delve into brand idol collaborations particularly through lenses of brand image and toxic fan culture
