Lydia And Maynard:

Lydia and Maynard Lydia Lopokova, John Maynard Keynes, 1989 Correspondence between the Russian ballet dancer and English economist traces the development of their relationship Lydia and Maynard Lydia Lopokova, John Maynard Keynes, R. D. Keynes, 1992-01-01 Reinterpreting Mr. Keynes Warren Young, Edward W. Fuller, 2022-01-19 This book examines the origins of the IS LM model one of the most significant innovations in the history of economic thought It shows that the complete IS LM model including the equations and diagram was produced by a group of economists who contributed their respective mathematical models of Keynes's General Theory including Champernowne Reddaway Harrod and Meade not to mention Hicks Furthermore the book discusses the implications of newly discovered archival material including a previously overlooked document showing that John Maynard Keynes himself was the first to present the IS LM model equations in a lecture he gave on December 4 1933 It focuses on the implications of this material in terms of understanding the evolution of Keynes's approach from 1933 to 1937 later interpreters of his General Theory and the ongoing debate between Keynesians and Post Keynesians on the nature of his system Given the revelations it presents this book will transform the profession's understanding of the origins of the IS LM model and modern macroeconomics **Bloomsbury**
