**Heterosexual Masculinities and the Self-Reflexive Novel** Stefano Rossoni, 2025-07-24 Heterosexual Masculinities and the Self Reflexive Novel examines how the narratives of four world renowned authors namely J M Coetzee Milan Kundera Philip Roth and Mario Vargas Llosa offer a standpoint through which to address the inscription of heterosexual masculinity into Western literary legacy and the ways in which masculinity is re-fashioned in contemporary self reflexive novels Considering the interconnectedness of their narratives for the first time the book explores unexamined patterns of dialogue among Coetzee Kundera Roth and Vargas Llosa while also contextualising their writing in the light of the European literary tradition inaugurated by Cervantes's Don Quixote and continued by Flaubert's Madame Bovary Rather than building on conventional theoretical approaches to literary studies Stefano Rossoni develops a fresh and engaging approach by looking at these two works not only as narrative texts but most importantly as

theories of literature In dialogue with critical contributions that examined men s emotional illiteracy and struggle to develop a language for self reflection the book argues that the narratives of Coetzee Kundera Roth and Vargas Llosa engage with the tradition of the self reflexive novel and its ramifications to reflect on masculinity as a socio cultural construction Ultimately their writing reveals men s novelistic self reflexivity as a site of unintelligibility

**Abortion, Choice, and Contemporary Fiction** Judith Wilt, 1990-06-28 In recent years public debate has raged over the issue of maternal choice While personal testimony and political argument have received widespread attention artistic representations of birth and abortion have been submerged Judith Wilt offers the first look at how contemporary writers tell and retell the stories that shape our perceptions about abortion She reveals that the struggle to plot these painful

complex narratives of choice control guilt loss and liberation has preoccupied an astonishing number of our most distinguished novelists male and female alike Readers of twentieth century novels are more likely to encounter plots centered on maternal choice than those dealing with the more traditional problems of courtship and marriage In the opening of the book Wilt discusses real case histories of several women After studying the ambiguities of their decisions she turns to their counterpoints depicted in contemporary fiction Working from a feminist perspective Wilt traces the theme of maternal choice in works by Margaret Atwood Margaret Drabble Joan Didion Mary Gordon Alice Walker Toni Morrison Gloria Naylor Marge Piercy Thomas Keneally Graham Swift Ernest Hemingway William Faulkner John Barth John Irving and others Behind the political medical and moral debates on abortion Wilt argues is a profound psychocultural shock at the recognition that maternity is passing from the domain of instinct to that of conscious choice Although never wholly instinctual maternity's potential capture by consciousness raises complex questions The novels Wilt discusses portray worlds in which principles are endangered by sexual inequality male power and hidden male fear of abandonment impotence female submission and covert rage and in the case of black maternity the hideous aftermath of slavery Wilt provides a resonant new context for debates whether political or personal on the issue of abortion and maternal choice Ultimately she enables us to rethink how we shape our own identities and lives

Patrick Brantlinger,1998-12-22 Brantlinger s writing is admirably lucid his knowledge impressive and his thesis a welcome reminder of the class bias that so often accompanies denunciations of popular fiction Publishers Weekly Brantlinger is adept at discussing both the fiction itself and the social environment in which that fiction was produced and disseminated He brings to his study a thorough knowledge of traditional and contemporary scholarship which results in an important scholarly book on Victorian fiction and its production Choice Timely scrupulously researched thoroughly enlightening and steadily readable A work of agenda setting historical scholarship Garrett Stewart Fear of mass literacy stalks the pages of Patrick Brantlinger s latest book Its central plot involves the many ways in which novels and novel reading were viewed especially by novelists themselves as both causes and symptoms of rotting minds and moral decay among nineteenth century readers

*Evolution, Feminism, and Romantic Fiction* Ania Grant,2025-08-14 Romantic fiction has long been dismissed as trivial

and denounced for peddling supposedly oppressive patriarchal myths of heterosexual love and marriage. Despite such criticism, the popularity of romantic fiction has only increased in recent decades. Drawing on research from the evolutionary sciences, Ania Grant proposes that narrative patterns of romantic stories and their enduring appeal reflect the importance of love as a fundamental human drive. She examines two of the most successful and critically scrutinized romantic narratives of the past 200 years: Jane Austen's classic novel *Pride and Prejudice* and the hit television series *Sex and the City*, and argues that such texts simulate the cognitive and emotional complexities of mate choice, one of the most consequential decisions from both a biological and a cultural perspective. Her biocultural analysis aligns the interpretation of romantic fiction with the feminist ideals of female autonomy and gender equality. It also suggests that positive identification with romantic heroines gives audiences the hope and energy to pursue the transformation of gender relations in real life. The book will be of interest to anyone who ever wondered why so many women and some men around the world are enthralled by romantic stories. It will also appeal to anyone who has ever been inspired by romantic happy endings to strive for a world in which men and women love and cooperate with each other even if it seems like a utopian ideal while the war of the sexes rages on.
