Twins and Recursion in Digital, Literary and Visual Cultures Edward King, 2022-04-07 The tale of twins being reunited after a long separation is a trope that has been endlessly repeated and reworked across different cultures and throughout history with each moment adapting the twin plot to address its current cultural tensions In this study Edward King demonstrates how twins are a means of exploring the social implications of hyper connectivity and the compromising relationship between humans and digital information their environment and their genetics As King demonstrates twins tell us about the changing forms of connectivity and power in contemporary culture and what new conceptions of the human they present us with Taking account of a broad range of literary cultural and scientific practices Entwined Being probes discussions surrounding twins such as The way in which they appear in behavioral genetics as a way of identifying inherited predispositions to social media How their faces interrupt biometric interfaces such as facial recognition software and undermine advances in neo liberal surveillance systems How they represent the uncanny and the weird in the horror genre and how this questions ideologies of communications media and the connectivity it enables Their association with telepathy and cybernetics in science fiction Their construction as models for entangled being in ecological thought Drawing upon the literary and filmic works of Ken Follet Edgar Allan Poe H P Lovecraft Bruce Chatwin Shelley Jackson Brian de Palma Peter Greenway and David Cronenberg as well as science fiction literature and the television series Orphan Black King illuminates how twins are employed across a range of disciplines to envision a critical re conception of the human in times of digital integration and ecological crisis

Unruly Becca Mann, In the rigid world of Ignis your Pair isn't just your match it's your duty Identical twins Charlotte and Zandra Galvin have spent their lives walking opposite paths Charlotte the golden girl and Highest Pointer of their regimented society is guaranteed a prestigious Pairing genetically matched to ensure humanity's survival Zandra free spirited and restless faces a far grimmer fate a forced assignment to a stranger or worse a one way trip to Unruly the dangerous island where society's outcasts are abandoned But when the pressure of perfection becomes unbearable Charlotte does the unthinkable she switches places with Zandra without her consent fleeing to Unruly in a desperate bid for freedom Now trapped in a world she was raised to fear Charlotte must navigate brutal trials shifting alliances and secrets she's been too afraid to face even within herself Back in Ignis Zandra is thrust into Charlotte's pristine life where she must deceive the very architects of the Pairing system outwit the powerful elite and survive suitors who will stop at nothing to claim her As both twins struggle to uphold the lie the truth inches dangerously close to exposure And if they're discovered they won't just lose their futures they'll be imprisoned on Unruly forever Unruly is a gripping tale of identity love and the price of freedom because sometimes the only way to win is by breaking every rule *The Call of the Weird* Louis Theroux, 2025-05-01 No it doesn't get much weirder than this Thor Templar Lord Commander of the Earth Protectorate who claims to have killed ten aliens Or April the Neo Nazi bringing up her twin daughters Lamb and Lynx who have just formed a white power folk group for kids called Prussian Blue and her youngest daughter Dresden For a decade now Louis Theroux has been making programs about offbeat characters on the fringes of U.S. society Now he revisits the people who have most intrigued him to try to discover what motivates them and why they believe the things they believe From his Las Vegas base where else Theroux calls on these assorted dreamers schemers and outlaws and in the process finds out a little about the workings of his own mind What does it mean after all to be weird or to be yourself Do we choose our beliefs or do our beliefs choose us And is there something particularly weird about Americans America prepare yourself for a hilarious look in the mirror that has already taken the rest of the English speaking world by storm Paul Theroux's son writes with just as clear an eye for character and place as his father And he's funny Theroux's final analysis of American weirdness is true and new Literary

Review England Agency in Mental Disorder Matt King, Joshua May, 2022 This volume seeks to provide a starting point for deeper and broader philosophical analyses of mental illness It addresses various questions about the relationship between agency and mental disorder Modern American Extremism and Domestic Terrorism Barry J. Balleck, 2018-06-01

Highlighting a breadth of American individuals and groups that engaged in extremist behavior across history this book provides a succinct concise overview of extremist behavior in the past and examines today s increasingly common incidences of hate and extremism Since the election of Barack Obama in 2008 extremist and hate groups have seen a resurgence on the American political landscape Members of these subgroups within the American population have become concerned that the America that they have always known is fading into oblivion with a majority of individuals in these groups holding fiercely anti immigration views and adhering to the belief that the United States should not admit large numbers of any group that is not white Christian or predominantly European Others believe that the principles and precepts of the U S Constitution have gone by the wayside and that drastic measures are required to protect the underlying tenets that were the essential elements of the Constitution and many of their nation s founding principles How did these individuals come to feel this way is it possible to bring these impassioned extremists back into the fold and if so how This book provides comprehensive illuminating and sometimes disturbing insights into the individuals groups and events that have illustrated extremist behavior in post World War II America Ranging from the anti communist rhetoric and activities of the John Birch Society to the radical socialist ideals of the Black Panthers to the goals of a pure America articulated by white nationalists this book documents the various extremist elements that shaped the second half of the 20th century as well as the first two decades of the 21st century Readers will grasp how events in the histories of individuals and groups as well as perceived injustices have lead to the incidences of hate and extremism in American society The encyclopedic entries of the book are specifically written to accessible to readers without specific knowledge of extremism political science or sociology Reichsrock Kirsten Dyck, 2016-10-03 From rap to folk to punk music has often sought to shape its listeners political views uniting them as a global community and inspiring them to take action Yet the rallying potential of music can also be harnessed for sinister ends As this groundbreaking new book reveals white power music has served as a key recruiting tool for neo Nazi and racist hate groups worldwide Reichsrock shines a light on the international white power music industry the fandoms it has spawned and the virulently racist beliefs it perpetuates Kirsten Dyck not only investigates how white power bands and their fans have used the internet to spread their message globally but also considers how distinctly local white power scenes have emerged in Western Europe Eastern Europe Latin America the United States and many other sites While exploring how white power bands draw from a common well of nationalist racist and neo Nazi ideologies the book thus also illuminates how white power musicians adapt their music to different locations many of which have their own terms for defining whiteness and racial otherness Closely tracking the online presence of white power musicians and their fans Dyck analyzes the virtual forums and

media they use to articulate their hateful rhetoric This book also demonstrates how this fandom has sparked spectacular violence in the real world from bombings to mass shootings Reichsrock thus sounds an urgent message about a global menace Gray Wolf Pup's Adventure Stephanie Smith,2002 A mischievous gray wolf pup strays from his pack and learns a valuable lesson Trendy Fascism Nancy S. Love,2016-05-30 Explores how white supremacist groups use popular music and culture to teach hate and promote violence Popular music plays a major role in mobilizing citizens especially youth to fight for political causes Yet the presence of music in politics receives relatively little attention from scholars politicians and citizens White power music is no exception despite its role in recent high profile hate crimes Trendy Fascism is the first book to explore how contemporary white supremacists use popular music to teach hate and promote violence Nancy S Love focuses on how white power music supports trendy fascism a neo fascist aesthetic politics Unlike classical fascism trendy fascism involves a hyper modern cultural politics that exploits social media to create a global white supremacist community Three case studies examine different facets of the white power music scene racist skinhead neo Nazi folk and goth metal Together these cases illustrate how music has replaced traditional forms of public discourse to become the primary medium for conveying white supremacist ideology today Written from the interdisciplinary perspective on culture economics and politics best described as critical theory this book is crucial reading for everyone concerned about the future of democracy Trendy Fascism has the potential to unsettle how theorists of democracy frame their most basic assumptions in the study of politics The case studies of white power music are indeed unsettling and at times they will bring chills to the reader But as Love argues we must confront the realities of and rationalizations for the often disavowed transnational white supremacist communities and networks in our political present if we are serious about overturning the racial contract pervading late modern states Neil Roberts Williams College *Twins in Society* K. Bacon,2010-05-11 This book explores what it means to be a twin and to what extent twins can shape or escape their identities as twins It investigates how social expectations about twins shape twins lives and how twins utilize their bodies space and talk to actively display and perform their own identities

The Complete Seymour Peter J. Seymour,2015-06-01 Peter J Seymour was a Salish storyteller He carried forward earlier tales of elders along with his own experiences as fewer and fewer native speakers were sharing the Colville Okanagan language and oral literature To thwart the demise of this language over the course of a decade he passed along Salish stories not only to his family but also to linguist Anthony Mattina The Complete Seymour Colville Storyteller includes Seymour s tales collected in the late 1960s and early 1970s before his death It documents Seymour s rich storytelling and includes detailed morphological analyses and translations of this endangered language This collection is an important addition to the canon of Native American narratives and literature and an essential volume for anyone studying Salish languages and linguistics **Children's Books in Print, 2007** ,2006 Spirit Winds of Peace Marcine Quenzer,2013-09-12 Let Marcine take you on a journey into the distant past through her paintings An accomplished artist she brings to life the ancient tales of

the peoples who call themselves the Haudenosaunee People of the Longhouse We know them better as the Iroquois League of Nations Thank you for your efforts to honor and uplift the work of the Peacemaker to establish a Peace that will prevail on earth It is time to raise that legacy to a higher standard of global public visibility Your art is a majestic vehicle to bring this about David Yarrow Dancing Turtle Defender of Mother Earth Healer Author Dowser Marcine Quenzer is one of the best storytellers I have ever heard Her knowledge of the Iroquoian people inspires educates and entertains She is a Master of her Art Curtis Harwell CEO of Heaven on Earth Foundation Marcine Quenzer has the gift of the true Sachem for tuning into ancient cultures and bringing forward the wisdom and lessons of their natural spirituality so needed in these days Frank Jordan Past President of National Dowsters Association Healer Author Marcine Quenzer has brought to her book Spirit Winds of Peace The Epoch of the Peacemakers the same beauty eloquence and truth that she brought to the Peacemakers journey through her inspirational artwork Her book does much to reveal this journey a revelation that is so needed at this time to remind us that love is indeed the answer Thank you Marcine for this gift to all humanity Robert Roskind author of The Beauty Path A Native American Journey into One Love The Wyandotte Nation of Oklahoma through resolution of the Board of Directors has named Marcine Quenzer as Wyandotte Nation Associate Artist of the Nation for the longstanding work she has done in artistic portrayals of Wendot history and stories cultural presentations and teaching of the youth of many First Nations Leaford Bearskin Chief and James Bland second Chief 2003 **Mesaba Energy Project** ,2009 *Children and Young People's Relationships* Samantha Punch,Kay Tisdall,2016-04-08 This book challenges the current state of childhood studies by exploring children and young people s agency and relationships It considers how recent theorisations of relationships and relational processes can move childhood studies forward particularly in relation to re thinking claims of children and young people s agency and uncritical assertions around children and young people s participation and voice It does this by bringing together case studies of children s inter generational and intra generational relationships from both the Majority and Minority Worlds The main themes include negotiated power agency across contexts and negotiations of identity The chapters show both the heritage of childhood studies particularly within the UK and where it may be going One of the key aims of the book is to add to the limited but growing cross world dialogue that encourages cross cultural learning from research and practice in both Majority and Minority World contexts leading towards a more integrated global approach to childhood studies This book was published as a special issue of Children s Geographies **Being Again of One Mind** Lina Sunseri,2010-11-21 Being Again of One Mind combines the narratives of Oneida women of various generations with a critical reading of feminist literature on nationalism to reveal that some Indigenous women view nationalism in the form of decolonization as a way to restore traditional gender balance and well being to their own lives and communities By giving a voice to Oneida women s thoughts on tradition and nation this book challenges mainstream feminist ideas about the masculine bias of Western theories of nation and about the dangers of nationalist movements that idealize women s so called

traditional role Lina Sunseri shows that feminist insights although useful to many women s and feminist groups cannot be applied universally to all women or to societies with traditional forms of nation based on good relations between men and women Oneida women do not view nationalism as a threat but rather as a way for women and men to be again of one mind
