Cicero: Speech on Behalf of Publius Sestius Robert A. Kaster, 2006-07-27 A new translation of and commentary on Cicero's defence of Publius Sestius against a charge of public violence The speech provides any student of Rome with a fascinating way into the period and is also among the best introductions we have to traditional Republican values and ethics in action A new translation of and commentary on Cicero's defence of Publius Sestius against a charge of public violence Pro Sestio is arguably the most important of Cicero's political speeches that survive from the nearly two decades separating the Speeches against Catiline and the Second Philippic Its account of recent history provides any student of Rome with a fascinating way into the period its depiction of public meetings demonstrations and violence are highly pertinent to the current debate on the place of the crowd in Rome in the late Republic the speech is also among the best introductions we have to traditional Republican values and ethics in action constantly enlightening and extremely broad in its scope Bryn Mawr Reviews [The Cambridge Companion to Cicero](#) C. E. W. Steel, 2013-05-02 A comprehensive and authoritative account of one of the greatest and most prolific writers of classical antiquity **Cicero's Role Models** Henriette van der Blom, 2010-07-29 This book is about the famous Roman orator and statesman Cicero and his rhetorical and political strategy as a newcomer in Roman republican politics Henriette van der Blom argues that Cicero advertised himself as a follower of chosen models of behaviour

from the past his role models and in turn presented himself as a role model to others This new angle provides fresh insights into the political and literary career of one of the best known Romans and into the political discourse of the late Roman Republic

Cicero Gesine Manuwald, 2014-11-28 Marcus Tullius Cicero 106-43 BCE introduced Romans to the major schools of Greek philosophy forging a Latin conceptual vocabulary that was entirely new But for all the sophistication of his thinking it is perhaps for his political and oratorical career that Cicero is best remembered He was the nemesis of Catiline whose plot to overthrow the Republic he famously denounced to the Senate He was the selfless politician who turned down the opportunity to join Julius Caesar and Pompey in their ruling triumvirate with Crassus He was briefly Rome's leading man after Caesar's assassination in 44 BCE And he was the great political orator whose bitter conflict with Mark Antony led to his own violent death in 43 BCE In her authoritative survey Gesine Manuwald evokes the many faces of Cicero as well as his complexities and seeming contradictions She focuses on his major works allowing the great writer to speak for himself Cicero's rich legacy is seen to endure in the works of Quintilian and the Church Fathers as well as in the speeches of Harry S Truman and Barack Obama

Cicero's De Provinciis Consularibus Oratio Luca Grillo, 2015-03-26 Perhaps no other single Roman speech exemplifies the connection between oratory politics and imperialism better than Cicero's *De Provinciis Consularibus* pronounced to the senate in 56 BC Cicero puts his talents at the service of the powerful triumviri Caesar Crassus and Pompey whose aims he advances by appealing to the senators imperialistic and chauvinistic ideology This oration then yields precious insights into several areas of late republican life international relations between Rome and the provinces Gaul Macedonia and Judaea the senators view on governors publicani tax farmers and foreigners the dirty mechanics of high politics in the 50s driven by lust for domination and money and Cicero's own role in that political choreography This speech also exemplifies the exceptional range of Cicero's oratory the invective against Piso and Gabinius calls for biting irony the praise of Caesar displays high rhetoric the rejection of other senators recommendations is a tour de force of logical and sophisticated argument and Cicero's justification for his own conduct is embedded in the self-fashioning narrative which is typical of his post-reditum speeches This new commentary includes an updated introduction which provides the readers with a historical rhetorical and stylistic background to appreciate the complexities of Cicero's oration as well as indexes and maps

Cicero the Advocate Jonathan Powell, Jeremy Paterson, 2004-07-29 This is the first book in English to take Cicero's forensic speeches seriously as acts of advocacy i.e. as designed to ensure that the person he represents is acquitted or that the person he is prosecuting is found guilty It seeks to set the speeches within the context of the court system of the Late Roman Republic and to explore in detail the strategies available to Roman advocates to win the votes of jurors The volume comprises a substantial introduction fourteen chapters by prominent Ciceronian scholars in Britain North America and Germany and a final chapter by a current British Appeal Court judge who comments on Cicero's techniques from the point of view of a modern advocate The introduction deals with issues concerning the general nature of

advocacy the Roman court system as compared with other ancient and modern systems the Roman profession of advocacy and its etiquette the place of advocacy in Cicero's career the ancient theory of rhetoric and argument as applied to courtroom advocacy and the relationship between the published texts of the speeches as we have them and the speeches actually delivered in court The first eight chapters discuss general themes legal procedure in Cicero's time Cicero's Italian clients Cicero's methods of setting out or alluding to the facts of a case his use of legal arguments arguments from character invective self-reference and emotional appeal the last of these especially in the concluding sections of his speeches Chapters 9-14 examine a range of particular speeches as case studies In Verrem II 1 from Cicero's only major extant prosecution case Pro Archia De Domo Sua Pro Caecina Pro Cluentio Pro Ligario These speeches cover the period of the height of Cicero's career from 70 BC when Cicero became acknowledged as the leading Roman advocate to 49 BC when Caesar's dictatorship required Cicero to adapt his well-tried forensic techniques to drastically new circumstances and they contain arguments on a wide range of subject matter including provincial maladministration usurpation of citizenship rights violent dispossession the religious law relating to the consecration of property poisoning bribery and political offences Other speeches including all the better known ones are used as illustrative examples in the introduction and in the more general chapters An appendix lists all Cicero's known appearances as an advocate

The Deaths of the Republic Brian Walters, 2020-02-20 That the Roman republic died is a commonplace often repeated In extant literature the notion is first given form in the works of the orator Cicero 106-43 BCE and his contemporaries though the scattered fragments of orators and historians from the earlier republic suggest that the idea was hardly new In speeches letters philosophical tracts poems and histories Cicero and his peers obsessed over the illnesses disfigurements and deaths that were imagined to have beset their body politic portraying rivals as horrific diseases or accusing opponents of butchering and even murdering the state Body political imagery had long enjoyed popularity among Greek authors but these earlier images appear muted in comparison and it is only in the republic that the body first becomes fully articulated as a means for imagining the political community In the works of republican authors is found a state endowed with nervi blood breath limbs and organs a body beaten wounded disfigured and infected one with scars hopes desires and fears that can die be killed or kill in turn Such images have often been discussed in isolation yet this is the first book to offer a sustained examination of republican imagery of the body politic with particular emphasis on the use of bodily political images as tools of persuasion and the impact they exerted on the politics of Rome in the first century BCE

The Voices of the Consul Brian A. Krostenko, 2023 This is the first book-length study of the rhetoric of Cicero's On the Agrarian Law I and II Through a close and novel linguistic analysis the book brings to light the ideology implicit in these speeches and presents a more complete picture of Cicero's understanding of Roman politics and his own role within it at the beginning of his consular career

Cicero's Law Paul J. du Plessis, 2016-08-30 This volume brings together an international team of scholars to debate Cicero's role in the narrative of Roman law in the late Republic a role that has been minimised or

overlooked in previous scholarship This reflects current research that opens a larger and more complex debate about the nature of law and of the legal profession in the last century of the Roman Republic

Cicero as Evidence Andrew Lintott, 2008-02-07 Through its concentration on primary evidence it is a corrective to the interpretations of Cicero and the late Republic that circulated after his death which were inevitably affected by bitterness and the exploitation of history for political purposes

The Political Biographies of Cornelius Nepos S. Rex Stem, 2012-11-19 The Roman writer Cornelius Nepos was a friend of Cicero and Catullus and other first century BCE authors and portions of his encyclopedic work On Famous Men are the earliest surviving biographies written in Latin In The Political Biographies of Cornelius Nepos Rex Stem presents Nepos as a valuable witness to the late Republican era whose biographies share the exemplary republican political perspective of his contemporaries Cicero and Livy Stem argues that Nepos created the genre of grouped political biographies in order to characterize renowned Mediterranean figures as role models for Roman leaders and he shows how Nepos invested his biographies with moral and political arguments against tyranny This book the first to regard Nepos as a serious thinker in his own right also functions as a general introduction to Nepos placing him in his cultural context Stem examines Nepos contributions to the growth of biography and he defends Nepos from his critics at the same time that he lays out the political significance and literary innovation of Nepos writings Accessible to advanced undergraduates this volume is addressed to a general audience of classicists and ancient historians as well as those broadly interested in biography historiography and political thought

Mass Oratory and Political Power in the Late Roman Republic Robert Morstein-Marx, 2004-02-05 This book highlights the role played by public political discourse in shaping the distribution of power between Senate and People in the Late Roman Republic Against the background of the debate between oligarchical and democratic interpretations of Republican politics Robert Morstein Marx emphasizes the perpetual negotiation and reproduction of political power through mass communication The book analyses the ideology of Republican mass oratory and situates its rhetoric fully within the institutional and historical context of the public meetings contiones in which these speeches were heard Examples of contional orations drawn chiefly from Cicero and Sallust are subjected to an analysis that is influenced by contemporary political theory and empirical studies of public opinion and the media rooted in a detailed examination of key events and institutional structures and illuminated by a vivid sense of the urban space in which the contio was set

Politeness and Politics in Cicero's Letters Jon Hall, 2009-05-06 Politeness and Politics in Cicero's Letters presents a fresh examination of the letters exchanged between Cicero and correspondents such as Pompey Julius Caesar and Mark Antony during the final turbulent decades of the Roman Republic Drawing upon sociolinguistic theories of politeness it argues that formal relationships between powerful members of the elite were

constrained by distinct conventions of courtesy and etiquette By examining in detail these linguistic conventions of politeness Jon Hall presents new insights into the social manners that shaped aristocratic relationships The book begins with a discussion of the role of letter writing within the Roman aristocracy and the use of linguistic politeness to convey respect to fellow members of the elite Hall then analyzes the deployment of conventionalized expressions of affection and goodwill to cultivate alliances with ambitious rivals and the diplomatic exploitation of polite fictions at times of political tension The book also explores the strategies of politeness employed by Cicero and his correspondents when making requests and dispensing advice and when engaging in epistolary disagreements His exchanges with Appius Claudius Pulcher Munatius Plancus and Mark Antony receive particular emphasis Its detailed analysis of specific letters places the reader at the very heart of Late Republican political negotiations and provides a new critical approach to Latin epistolography **A Companion to Roman**

Imperialism Dexter Hoyos, 2012-11-09 A Companion to Roman Imperialism written by a distinguished body of scholars explores Rome's rise to empire and its vast historical impact on her subject peoples and equally momentous on the Romans themselves an impact still felt today **Cicero's Catilinarians** D. H. Berry, 2020-06-11 The Catilinarians are a set of four speeches that Cicero while consul in 63 BC delivered before the senate and the Roman people against the conspirator Catiline and his followers Or are they Cicero did not publish the speeches until three years later and he substantially revised them before publication rewriting some passages and adding others all with the aim of justifying the action he had taken against the conspirators and memorializing his own role in the suppression of the conspiracy How then should we interpret these speeches as literature Can we treat them as representing what Cicero actually said Or do we have to read them merely as political pamphlets from a later time In this the first book length discussion of these famous speeches D H Berry clarifies what the speeches actually are and explains how he believes we should approach them In addition the book contains a full and up to date account of the Catilinarian conspiracy and a survey of the influence that the story of Catiline has had on writers such as Sallust and Virgil Ben Jonson and Henrik Ibsen from antiquity to the present day **Inter cives necnon**

peregrinos Jan Hallebeek, Martin Schermaier, Roberto Fiori, Jean-Pierre Coriat, Ernest Metzger, 2014-07-16 The contributions to this volume are concerned with the Roman law of antiquity in its broadest sense covering both private and public law from the Roman Republic to the Byzantine era including legal papyrology They also examine the reception of Roman law in Western Europe and its colonies specifically the Dutch East Indies from the Middle Ages to the promulgation of the German Bürgerliche Gesetzbuch in 1900 They reflect the wide interests of Professor Boudewijn Sirks whom the volume honours on the occasion of his retirement and whose work and career have transcended frontiers and nations
