**Ourselves Unborn** Sara Dubow,2010-12-01 During the past several decades the fetus has been diversely represented in political debates medical textbooks and journals personal memoirs and autobiographies museum exhibits and mass media and civil and criminal law **Ourselves Unborn** argues that the meanings people attribute to the fetus are not based simply on biological fact or theological truth but are in fact strongly influenced by competing definitions of personhood and identity beliefs about knowledge and authority and assumptions about gender roles and sexuality In addition these meanings can be shaped by dramatic historical change over the course of the twentieth century medical and technological changes made fetal development more comprehensible while political and social changes made the fetus a subject of public controversy Moreover since the late nineteenth century questions about how fetal life develops and should be valued have frequently intersected with debates about the authority of science and religion and the relationship between the individual and society In examining the contested history of fetal meanings Sara Dubow brings a fresh perspective to these vital debates "Ma, Can I be a Feminist and Still Like Men?" Nicole Hollander,1980-01-01 Rebel Moms Davina Rhine,2011 Biographies of women who combine effective motherhood with highly individual lives Mirror, Mirror Elaine Hatfield,Susan Sprecher,1985-12-01 Mirror Mirror examines the hidden truth about good looks Through extensive research of scholarly studies and popular culture the authors provide a lively and comprehensive view of what behavioral scientists have learned about the effects of personal appearance A wealth of illustrations and photographs give visual support to the evidence presented The book explores the view that people believe good looking individuals possess almost all the virtues known to humankind consequently they treat the good looking and ugly very differently Mirror Mirror reviews the stereotypes held about people with specific characteristics and it explains the impact of height weight and attributes such as hair color eye color and facial hair on the course of social encounters The authors show that through time these reaction patterns have their effect and that good looking and unattractive persons come to be different types of people To show the relative nature of concepts of beauty the authors also present examples of what other cultures consider attractive **The Spokeswoman** Karen Wellisch,1980 **Ms. Magazine** ,1984 Contemporary Authors Terri M.
