Machine Guns James H. Willbanks,2004-11-23 The machine gun often called the killing machine revolutionized modern ground combat brought an end to the traditional infantry and cavalry charge and changed the battlefields of war forever This volume in the Weapons and Warfare series describes the history of machine guns from the mid 19th century to the present following both the evolution of small arms technology and the impact of machine guns on the battlefield on military strategy and on human society This book discusses subjects ranging from the forerunners of mechanical and automatic guns to the unusual history of the Civil War era Gatling gun the first practical machine gun not used by the Union army because Gatling was a Southerner to the machine guns developed for the world wars and those for present day use Readers will see how the advent of the machine gun revolutionized ground combat and how in some instances technology outran tactics and doctrines with disastrous consequences *Fallen Eagles: The Italian 10th Army In The Opening Campaign In The Western Desert, June 1940* Major Howard R. Christie,2015-11-06 The Italian Army developed a sound and unique combined arms doctrine for mechanized warfare in 1938 This new doctrine was called the War of Rapid Decision It involved the use of mechanized warfare in the Italian version of the blitzkrieg This doctrine evolved from the lessons learned in the Italian Ethiopian War of 1935 to 1936 and the Spanish Civil War of 1936 1939 With Italy s entry into World War II military operations ensued along the Libyan Egyptian border between the Italian 10th Army and a much smaller British Western Desert Force The Italian Army in Libya outnumbered the British Army in Egypt by a ratio of four to one The setting seemed to be ideal for the employment of the War of Rapid Decisions Moreover Marshal Rodolfo Graziani who was the commander of the Italian 10th Army in North Africa during its first campaign in the western desert had pioneered this new form of mechanized warfare during the Ethiopian War Surprisingly the Italian forces in Libya did not employ their new doctrine reverting instead to more conventional techniques of mass It was Graziani s failure to utilize the doctrine which he had helped to develop that led to Italy s embarrassing defeat in 1941 *Tooling for War* Elwood L.
