The Lonely Mind of God Sherman O'Brien,2021-01-26 Current students of philosophy or armchair philosophers Want the answer to the Primordial Existential Question Why is there something rather than nothing While history has produced no shortage of

attempted answers clearly none is the answer Now comes the unique perspective of acosmism to provide a complete and plausible answer After a lifetime of reflection acosmist Sherman O'Brien offers this analysis of the issues and a thoughtful reasoned answer to philosophy's most vexing question The acosmic answer requires no faith whatsoever either in supernatural or unexplained causes in fact it discourages it Acosmism rejects both traditional religion and philosophically neglectful science As a metaphysical system it is based on an epistemological insight with implications for immortality determinism ethics and ultimate purpose Reasoned wholly from the ground up its conclusion is the very meaning of existence The solution to the Omniscience Riddle becomes the key to understanding how the question is best stated and understood This book represents one person's effort to make sense of what is true and what only seems to be so Why is there something rather than nothing What is your potential role in the entirety of experience This foray into acosmism offers a path to the genuine understanding of both existence and reality Note the main text constitutes roughly two thirds of the total pages the remainder being mostly endnotes

Ancients of Days Paul McAuley, 2014-05-29 On an artificial world created and seeded with ten thousand bloodlines by the long vanished Preservers young Yama's ancestry is unique for he appears to be the last remaining scion of the Builders closest of all races to the worshipped architects of Confluence And on a day near the end of the world Yama must finally acknowledge the power he neither anticipated nor desires In the dust of many crumbling bureaucracies Yama searches for an identity and a history awed and fearful of his ever growing capacity to awaken the terrible machines of destruction that his world's absent gods left slumbering To the common folk the unshaped and aboriginal he is the fulfillment of age old prophecies To the functionaries of the Department of Indigenous Affairs he is a weapon to be molded and used in the bloody civil war raging at the planet's

midpoint a seemingly endless battle that pits those who revere the Preservers laws against the dangerous Heretics who would obliterate all antiquated values and codes of conduct But there are still others who have taken notice of Yama as he pursues the hidden secrets of his past Intelligent powers older than the Builders as old perhaps as the Preservers themselves are pursuing Yama in turn And they will stop at nothing to control his present and as a result the future of everything that lives in anticipation of the ultimate triumph of the Ancients of Days
