Nuff Said:

Nuff Said Tyrus, 2023-11-21 The New York Times and Wall Street Journal bestselling author of Just Tyrus returns in his inimitable style with deeper reminiscences on the life that shaped him and how he views the world we're living in. In this sequel you'll delve into some of Tyrus's extraordinary life experiences and see how they connect with the most pressing issues of our time: immigration, crime, bullying, athletics, politics, China, parenting, and respect for ourselves, each other, and the planet. It is Tyrus's commentary on all of these issues that has the power to silence a room. When he talks, people listen. There's so much wisdom and common sense in his takes that you'll finish this book more informed and more optimistic about the future and we could all use that. Dana Perino: A rare voice of reason and authentic storyteller who never holds back. Tyrus picks up where he left off in Just Tyrus, delivering a series of gut-wrenching, heart-rending, and redemptive tales from his remarkable life and coupling them with no-nonsense insights on the hottest issues being discussed around the country. Tyrus remains one of the most distinct original voices in any medium, if not one of the most brutally honest to enter the realm of television since Charles Krauthammer. I mention them both because they're not different: both deep thinkers who leave inedible marks on those who are lucky enough to cross their paths. It's Tyrus's thinking that drives this book, and you'll get it through his powerful words. Writers spend years trying to concoct a voice; Tyrus makes it seem like it was always there. Greg Gutfeld: Whether he's tackling the issues of race and activism in America today or confronting his past with stories of family relationships, wrestling, and more, this is pure Tyrus at his unbridled best. The parallels he draws between current culture and his personal past are insightful, provocative, and profound. *Nuff Said* is a powerful reflection on a complex life and a complicated world.

Demons Don't Dream Piers Anthony, 2019-09-24 Series fans will find themselves right at home as a computer game draws two players into the illusion, pun, and dragon-filled land of Xanth. Kirkus Reviews: Sixteen-year-old Dug has yet to be impressed by a computer game, but that's before he gets hooked by Companions of Xanth and the beguilingly beautiful princess-serpent he's chosen to guide him. Nada Naga has her work cut out for her, keeping Dug's eyes on the magical prize and off of her human form. Kim is no stranger to Xanth, which is why she chooses her favorite companion, Jenny Elf, to accompany her through its marvels and dangers. Though Kim's hyper-enthusiasm is infectious, she doesn't really believe that Xanth is real, and it's up to Jenny to prove it. What the two players don't know is that there's more at stake than winning: the very existence of Xanth hangs in the balance. Demons may run the game, but there are voids to avoid, loan sharks to outswim, and Com Pewter, the most evil machine of all, to outwit. Not to mention that a companion may be just as willing to sabotage Dug and Kim as help
