Ramcharandas,2001-03-20 Grief comes into our lives like a thief We are shocked hurt even bitter The intensely personal experience may send us in a tailspin of emotions completely unexpected always unwanted The death of a child is perhaps one of the most grievous sorrows to bear As an RN I have attended many couples experiencing the death of their beloved child in the womb or shortly after birth I have witnessed and shared the intense grief We have a God who knows the number of hairs on our heads calls the stars by name and is aware of each sparrow that falls from the sky This same God is aware of each individual experience of grief and pain God s compassion moved me to start a support group for grieving families hoping to touch lives with His compassionate love In this book you will find a compilation of scriptures poems notes and quotes taken from the support group newsletter that I have written over the years In times of grief reading the words of others can help communicate the intense feelings of grief and loss and help us realize we are not alone **Paperbound Books in Print**

1995 Reed Reference Publishing,R5ference Reed,1995-12 Cultish Amanda Montell,2021-06-15 One of those life changing reads that makes you see or in this case hear the whole world differently Megan Angelo author of Followers At times chilling often funny and always perceptive and cogent Cultish is a bracing reminder that the scariest thing about cults is that you don't realize you're in one till it's too late Refinery29.com The New York Times bestselling author of The Age of Magical Overthinking and Wordslut analyzes the social science of cult influence how cultish groups from Jonestown and Scientologists to SoulCycle and social media gurus use language as the ultimate form of power What makes cults so intriguing and frightening What makes them powerful The reason why so many of us binge Manson documentaries by the dozen and fall down rabbit holes researching suburban moms gone QAnon is because we're looking for a satisfying explanation for what causes people to join and more importantly stay in extreme groups We secretly want to know could it happen to me Amanda Montell's argument is that on some level it already has Our culture tends to provide pretty flimsy answers to questions of cult influence mostly having to do with vague talk of brainwashing But the true answer has nothing to do with freaky mind control wizardry or Kool Aid In Cultish Montell argues that the key to manufacturing intense ideology community and us them attitudes all comes down to language In both positive ways and shadowy ones cultish language is something we hear and are influenced by every single day Through juicy storytelling and cutting original research Montell

exposes the verbal elements that make a wide spectrum of communities cultish revealing how they affect followers of groups as notorious as Heaven s Gate but also how they pervade our modern start ups Peloton leaderboards and Instagram feeds Incisive and darkly funny this enrapturing take on the curious social science of power and belief will make you hear the fanatical language of cultish everywhere
