Francis RN MSN CCRN, 2015-05-21 The purpose of this book is to share with Healthcare professionals the alternatives that are available to them so they can elevate their lives, elevate their impact, and their influence as they grow in their nursing or Healthcare Career. I want to give Healthcare Professionals, particularly nurses, a glimpse of other areas they can embrace to touch the lives of those they are assigned to or rather those that they are called to serve. I want to empower you to be all you can be. So many of us put limits on what we can achieve when in reality we were all born to be great and to do great things. We are as ordinary as we think we are. We will only achieve what we can conceive in our minds. I am a strong believer that we should always be progressing upwards in life consistently and purposefully. In other words, the sky is NOT the limit. **How I**

These nurse entrepreneurs are brutally honest with you as they unfold true tales of hope, dreams, moments of despair, and times of triumph. My Comeback as a Nurse Entrepreneur Parise Morgan, 2019-03-15 Working as a registered nurse in California, I have come to realize that life is more than just being a working nurse. I remember when I was just thirty-three years old, I already knew I would be a great nurse in the future and that I had great talent. I remember the day I passed the NCLEX and received my license in the mail. I started working and started to feel there had to be something else I could do in my career to become a better nurse. I felt the routine of working as a nurse was not fulfilling my appetite to be greater.
