The book brings together a wealth of information written by luminaries in the field. Dr. Goudreau is a Past President and Board Member of the National Association of Clinical Nurse Specialists (NACNS) and Dr. Smolenski was Director of Certification Services at the ANCC for 11 years, directing certification for 150,000 nurses in over 30 specialties. The text discusses issues surrounding the regulation of APRNs, how the local regulatory environment shapes their practice and how they can shape their local regulatory environment. Additionally, the text brings in international perspectives on how APRNs can and are impacting patient care globally. In order to provide content relevant to a universal APRN readership, each section of the text endeavors to present information from all four APRN perspectives: NPs, CNSs, CRNAs and CNMs. For all of these roles, the book covers the implications of current and future health policy changes for APRN practice.
