Nurturing Spirituality in Children Peggy Jenkins, 1997 *Spiritual Nurturing* Darlene Carpenter, 1999 This book takes the mystery out of how to feed your child spiritual lessons and values on a daily basis and is a rich resource that you'll use over and over again. Joining Children on the Spiritual Journey Catherine Stonehouse, 1998-03-01 Understanding how a child's faith forms is crucial to knowing how adults can most significantly enhance the child's spiritual development. This book provides parents, teachers, and Christian education leaders with valuable insights into spiritual formation during childhood. With a biblical perspective as a starting point and a recognition of the crucial role of both the family and the faith community, Stonehouse reviews important contributions from noted child development experts Erik Erikson, Jean Piaget, Lawrence Kohlberg, and James Fowler. This overview gives insight into the processes of psychosocial, cognitive, and moral development in children and adolescents. Stonehouse concludes with solid guidelines for designing children's ministries. By carefully setting the stage through liturgy, sacred stories, and parables, Christian educators can help children meet with God. Quiet times of godly play, carefully adapted to the age level of the child, enable adults to join with children on the journey toward deeper intimacy with God.

A Journey Into Being Christine Ramos, 2006-06 UPDATED AND REVISED SECOND EDITION From the author: When it comes to getting guidance about the arrival of new life, the sources are plenty: Healthcare practitioners, books, magazines, websites, and well-meaning friends and family members can all offer valuable information. But what about gaining insight about childbearing from a consciousness and spiritual perspective? When I was pregnant with my second child, I sought a different type of guidance, one that spoke to the true depth of carrying another life inside me. As a spiritual person and empath, I knew enough to understand that nothing is random. I wanted to learn about the soul of my unborn child and why I would be the one honored to be his or her parent. I craved to know the process of spirit uniting with physical body. When does it happen and can the mother sense it? Is it possible to communicate with the consciousness of your baby before birth? Can you be so attuned to your child that you can intuit their inner happenings on a vibrational level? I had nowhere to turn to for the answers to these deeper questions. So I began my quest to put it all together. It meant delving deep to make sound premises backed by available research and reliable observation. The nurse in me demanded empirical evidence, but I also wanted the warmth of personal accounts. *A Journey Into Being* is a cumulation of medical, scientific, spiritual, and Eastern wisdom. It will take you where science meets spirituality on the transformational passage of the soul as it prepares for life, unites with the physical body, and undergoes birth. It will provide guidance on how to know and nurture a child's inner being. Once we view new life through the lens of spirit, many questions and mystifying issues surrounding the arrival of new life will become clearer, like: How do I nurture my child on a more

intuitive level Why are some babies more sensitive or reactive than others Why do I feel like I've known my newborn all my life How can I connect spiritually to my child during pregnancy Was I chosen to be my child's parent What is the true meaning of life reality consciousness How do we reconcile the idea of a just Higher Being when cruel things can happen to innocent children A Journey Into Being is not just for those who are parents or wish to become parents It can help anyone gain greater insight into the eternal nature of consciousness and explore the course of their own journey into physical being or of those they love This book is my tribute to every precious child as each brings the promise of positive change for a more loving universe

What about the Kids? Marlene Winell, 1996 *Real Kids, Real Faith* Karen Marie Yust, 2004-04-05 In a culture that has lost touch with love compassion and meaning how can parents be intentional about building a spiritual foundation for their children's development In looking to their own upbringing for guidance parents often feel even more at a loss they don't want to make the same mistakes their parents did so they either become too strict or they take a completely hands off approach A pastor a teacher and a mother Karen Marie Yust offers a refreshing array of resources and provisions to guide and sustain parents and children on their mutual journey Drawn from a three year study of children's spirituality as well as the best in theological tradition and literature Real Kids Real Faith provides insight and a variety of helpful tips for nurturing children's spiritual and religious formation Yust challenges the prevailing notion that children are unable to grasp religious concepts and encourages parents to recognize children as capable of authentic faith
