Counselling Skills for Dietitians Judy Gable, 2008-04-15 Dietitians need to use advanced communication skills as well as technical expertise in order to assess clients' needs, identify their problems and help them to manage their diet and lifestyle. The ability to develop a helping relationship is fundamental to achieving a mutually satisfactory dietetic interview. Counselling skills defined as advanced communication skills used intentionally in a helping relationship are therefore essential for good dietetic practice at all levels of the profession. This book demonstrates how a practitioner can develop a counselling approach and employ appropriate counselling skills to overcome the communication difficulties encountered by dietitians and those engaged in helping clients change their eating behaviour. New material in the second edition includes an expanded section on the patient interview including assessing motivation and applying aspects of CBT cognitive behavioural therapy and a new section on personal development including examples and discussion on issues of interprofessional communication and working in a multidisciplinary team.

Nutrition Counseling and Education Skill Development Kathleen D. Bauer, Doreen Liou, 2015-01-01 NUTRITION COUNSELING AND EDUCATION SKILL DEVELOPMENT 3rd Edition is a step by step guide to help entry level practitioners through the basic components involved in changing food behavior and improving nutritional status. This book provides nutritional professionals with a solid foundation of counseling and education principles, opportunities to practice new skills and knowledge of evaluation methodologies in an organized, accessible and engaging approach. The authors' clear style helps readers translate theoretical perspectives on nutrition counseling into actual, effective dialogues between client and counselor to influence client knowledge, skills and attitudes. In addition, since the goals and objectives of nutrition counselors and educators complement each other, the scope of this text has expanded to include elements unique to nutrition education.
