than 100 essays written over a three year period for the New York Observer Howard Fast looks with horror at the official violence inflicted on Nicaragua El Salvador Grenada Panama and Iraq and the unofficial violence that is taking place in the cities of the United States In War and Peace Fast summons us to face the wars and the social disintegration that degraded the Reagan and Bush years with all the explanations and excuses stripped away He dwells on the monumental folly of the Cold War and shows us repeatedly what we could have done with the billions spent on planes bombs and guns if we had

Eleven Presidents Ivan Eland,2017-11-01 Presidents who claimed to limit government often actually did the opposite History often looks unfavorably on presidents who may have actually contributed smart and important policies Were Harding and Coolidge really as ineffective as their reputations maintain Did Hoover not do enough to end the Depression Was Reagan a true champion of small government conservatism We all know that the American president is one of the most powerful people in the world But to understand the presidency today we often have to learn from the past Author Ivan Eland offers a new perspective in Eleven Presidents on the evolution of the executive office by exploring the policies of eleven key presidents who held office over the last one hundred years Warren G Harding Calvin Coolidge Herbert Hoover Dwight D Eisenhower Richard Nixon Gerald Ford Jimmy Carter Ronald Reagan George H W Bush Bill Clinton and George W Bush The book combines an exploration of how political currents shape historical legacies with an in depth analysis of presidents actual policies An important revealing book about the presidency legacy and the formation of history Eleven Presidents is essential reading for understanding the American presidency
