Refugees In Botswana In The Light Of International Law:

Refugees in Botswana in the Light of International Law Jenny Zetterqvist, 1990 *The Rights of Refugees under International Law* James C. Hathaway, 2005-09-15 This book presents the first comprehensive analysis of the human rights of refugees as set by the UN Refugee Convention In an era where States are increasingly challenging the logic of simply assimilating refugees to their own citizens questions are now being raised about whether refugees should be allowed to enjoy freedom of movement to work to access public welfare programs or to be reunited with family members Doubts have been expressed about the propriety of exempting refugees from visa and other immigration rules and whether there is a duty to admit refugees at all Hathaway links the standards of the UN Refugee Convention to key norms of international human rights law and applies his analysis to the world's most difficult protection challenges This is a critical resource for advocates judges and policymakers It will also be a pioneering scholarly work for graduate students of international and human rights law

The Refugee in International Law Guy S. Goodwin-Gill, Jane McAdam, 2021-09-09 The status of the refugee in international law and of everyone entitled to protection has ever been precarious not least in times of heightened and heated debate people have always moved in search of safety and they always will In this completely revised and updated edition the authors cast new light on the refugee definition the meaning of persecution including with regard to gender and sexual orientation and the protection due to refugees and those affected by statelessness or disasters They review the fundamental principle of non refoulement as a restraint on the conduct of States even as States themselves seek new ways to prevent the arrival of those in search of refuge Related principles of protection non discrimination due process rescue at sea and solutions are analysed in light of the actual practice of States UNHCR and treaty monitoring bodies The authors closely examine relevant international standards and the role of UNHCR States and civil society in providing protection contributing to the development of international refugee law and promoting solutions New chapters focus on the evolving rules on nationality statelessness and displacement due to disasters and climate change This expanded edition factors in the challenges posed by the movement of people across land and sea in search of refuge and their interception reception and later treatment The overall aim remains the same as in previous editions to provide a sound basis for protection in international law taking full account of State and community interests and recognizing the need to bridge gaps in the regime which now has 100 years of law and practice behind it **Human Rights Law in Africa, Volume 3 (1998)** Christof Heyns, 2021-11-01 **Human Rights Law in Africa 1998** Christof Heyns, 2001-04-11 Statute of the ICTR

Historical Dictionary of Botswana Barry Morton,Jeff Ramsay,2018-06-13 The death of Botswana s last founding father Sir Ketumile Quett Masire in June 2017 marked the end of an era Since the release of the Fourth Edition of Historical Dictionary of Botswana in 2008 Botswana has gone through its most turbulent and divided decade to date Throughout September 2016 when Botswana celebrated its 50th anniversary of independence all the successes of the Seretse and Masire era were sources of massive national pride Botswana had expanded provisions of electricity water education and health services to almost all of its people and become a model nation that owned its natural resources and plowed the profits back

into the nation's development Despite these successes Botswana has a high unemployment rate about 20 percent and a much larger cohort of the underemployed This fifth edition of Historical Dictionary of Botswana contains a chronology an introduction appendixes an extensive bibliography and more than 700 cross referenced entries on important personalities and aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Botswana

"The Inevitable Pipeline Into Exile" Johann Alexander Müller, 2012 The role played by Botswana in various southern African liberation struggles has previously been neglected in historical studies The country's politics of support and mobilisation early on in Namibia's struggle for independence from South Africa proved crucial for the formative period of both nation states Botswana's difficult and contradictory position as neighbour of the South African apartheid state and colonial power in Namibia are carefully dealt with as are the challenges faced by the fragile Namibian refugee networks and liberation movements SWANU and SWAPO operating in Botswana for decades The Inevitable Pipeline into Exile deals with a crucial phase of nationalism and transnational politics during the period of southern African decolonisation at the height of South Africa's diplomatic and military aggression throughout the region

Repressive State and Resurgent Media Under Nigeria's Military Dictatorship, 1988-98 Ayo Olukotun, 2004 This study documents a crucial dimension of the resistance of Nigerian civil society to a repressive and monumentally corrupt military state in the late 1980s and 1990s in Nigeria Employing a neo Gramscian theoretical framework the study relates how a section of the media defied censorship laws outright bans incarceration and the assassination of opposition figures to prosecute the struggle for democracy It captures the tensions and contradictions between a pliant section of the media which sought to legitimise the state and a critical section of the same media which in alliance with radical civil society invented rebellious outlets to carry on the struggle against dictatorship The study seeks to make fresh departures by documenting not only the role of the national media in the throes of democratic struggle but that of the international media whose role was influential in the years studied Finally the report offers empirical proof of the mechanisms by which a vibrant civil society can curb the ravages of a predatory state in an African country Book jacket
