Reorganising Power In Indonesia The Politics Of Oligarchy In An Age Of Markets:

Reorganising Power in Indonesia Richard Robison, Vedi R. Hadiz, 2004 Reorganising Power in Indonesia is a new and distinctive analysis of the dramatic fall of Soeharto the last of the great Cold War capitalist dictators and of the struggles that reshape power and wealth in Indonesia The dramatic events of the past two decades are understood essentially in terms of the rise of a complex politico business oligarchy and the ongoing reorganisation of its power through successive crises colonising and expropriating new political and market institutions With the collapse of authoritarian rule the authors propose that the way was left open for this oligarchy to reconstitute its power within society and the institutions of newly democratic Indonesia

Democracy and Islam in Indonesia Mirjam Künkler, Alfred Stepan, 2013-08-27 Indonesia's military government collapsed in 1998 igniting fears that economic religious and political conflicts would complicate any democratic transition Yet in every year since 2006 the world's most populous Muslim country has received high marks from international democracy ranking organizations In this volume political scientists religious scholars legal theorists and anthropologists examine the theory and practice of Indonesia's democratic transition and its ability to serve as a model for other Muslim countries They compare the Indonesian example with similar scenarios in Chile Spain India and Tunisia as well as with the failed transitions of Yugoslavia Egypt and Iran Essays explore the relationship between religion and politics and the ways in which Muslims became supportive of democracy even before change occurred and they describe how innovative policies prevented dissident military groups violent religious activists and secessionists from disrupting Indonesia's democratic evolution The collection concludes with a discussion of Indonesia's emerging legal pluralism and of which of its forms are rights eroding and rights protecting

Precarious Ties Meg Rithmire, 2023 Developing Asia has been the site of some of the last century's fastest growing economies as well as some of the world's most durable authoritarian regimes Many accounts of rapid growth alongside monopolies on political power have focused on crony relationships between the state and business But these relationships have not always been smooth as anti corruption campaigns financial and banking crises and dramatic bouts of liberalization and crackdown demonstrate Why do partnerships between political and business elites fall apart over time And why do some partnerships produce stable growth and others produce crisis or stagnation In *Precarious Ties* Meg Rithmire offers a novel account of the relationships between business and political elites in three authoritarian regimes in developing Asia Indonesia under Suharto's New Order Malaysia under the Barisan Nasional and China under the Chinese Communist Party All three regimes enjoyed periods of high growth and supposed alliances between autocrats and capitalists Over time however the relationships between capitalists and political elites changed and economic outcomes diverged While state business ties in Indonesia and China created dangerous dynamics like capital flight fraud and financial crisis Malaysia's state business ties contributed to economic stagnation To understand these developments Rithmire presents two conceptual models of state business relations that explain their genesis and why variation occurs over time She shows that mutual

alignment occurs when an authoritarian regime organizes its institutions or even its informal practices to induce capitalists to invest in growth and development Mutual endangerment on the other hand obtains when economic and political elites are entangled in corrupt dealings and invested in perpetuating each other's dominance The loss of power on one side would bring about the demise of the other Rithmire contends that the main factors explaining why one pattern dominates over the other are trust between business and political elites determined during regime formation and the dynamics of financial liberalization Empirically rich and sweeping in scope Precarious Ties offers lessons for all nations in which the state and the private sector are deeply entwined

Emerging Economies and Challenges to Sustainability Arve Hansen, Ulrikke Wethal, 2014-10-10 The rise of emerging economies represents a challenge to traditional global power balances and raises the question of how we can combine sustainability with continued economic growth Understanding this global shift and its impact on the environment is the paramount contemporary challenge for development oriented researchers and policy makers alike This book breaks new ground by combining scholarship on the role of emerging economies with research on sustainable development The book investigates how the development strategies of emerging economies challenge traditional development theory and sustainability discourses With regional introductions and original case studies from South Asia East Asia Latin America and Sub Saharan Africa it discusses how to conceptualise sustainable development in the global race for economic prosperity What characterises the development strategies of emerging economies and what challenges are these posing for global sustainable development How can emerging economies shed light on the global challenges dilemmas and paradoxes of the relationship between socio economic improvements and environmental degradation This book will be a valuable resource for researchers and postgraduates in development studies geography economics and environmental studies

Journalism and Conflict in Indonesia Steve Sharp, 2013 This book examines through the case study of Indonesia over recent decades how the reporting of violence can drive the escalation of violence and how journalists can alter their reporting practices in order to have the opposite effect and promote peace It discusses the nature of press freedom in Indonesia from 1966 onwards considers the relationship between the press and politicians and explores journalists' working methods It goes on to outline in detail the communal wars in eastern Indonesia in the period 1999-2000 arguing that communication as much as physical preparations for violence were key to bringing about the wars with journalists' rigid professional routines and newswriting conventions causing them to reproduce and enlarge the battle cries of those at war The book concludes by advocating a development communication approach to journalism in transitional settings in order to help journalists to counter the disintegrative tendencies of failing states and the communal strife that can result

Indonesian Perspectives on Democracy Firman Noor, Sri Nuryanti, 2025-03-31 This book discusses the extent to which Indonesia's trajectory to democracy has changed its direction toward democratic consolidation In the case of democratic decline in Indonesia there are numerous studies conducted in order to explain the challenges facing democratization

However not many of them demonstrate the existing precursors and symptoms of democratic decline which this book confronts. The authors unpack the problems that continue to hinder Indonesia's path to democratic consolidation and show that against this decline Indonesia has experienced a new phase of its democratic life during and in the immediate aftermath of the COVID 19 pandemic whereby the political ecosystem has seen a strengthening of the role of the state. This has in fact further complicated Indonesia's democratic transition. This book explains how these challenges impact Indonesia's trajectory to democracy drawing from three important approaches of democratic regime studies encompassing actors institutions and norms. These aspects are elaborated upon in relation to various issues facing the country thus capturing a sweeping picture of the political struggles preventing democratic growth. Relevant to researchers and students studying countries in democratic transition but particularly the case of Indonesia this is a novel contribution to understanding the country's developing political landscape. Routledge Handbook of Contemporary Indonesia Robert W. Hefner, 2018-01-03 Few countries as culturally rich politically pivotal and naturally beautiful as Indonesia are as often misrepresented in global media and conversation. Stretching 3 400 miles east to west along the equator Indonesia is the fourth most populous country in the world and home to more than four hundred ethnic groups and several major world religions. This sprawling Southeast Asian nation is also the world's most populous Muslim majority country and the third largest democracy. Although in recent years the country has experienced serious challenges with regard to religious harmony its trillion dollar economy is booming and its press and public sphere are among the most vibrant in Asia. A land of cultural contrasts contests and contradictions this ever evolving country is today rising to even greater global prominence even as it redefines the terms of its national religious and civic identity. The Routledge Handbook of Contemporary Indonesia offers an overview of the modern making and contemporary dynamics of culture society and politics in this powerful Asian nation. It provides a comprehensive survey of key issues in Indonesian politics economics religion and society. It is divided into six sections organized as follows: Cultural Legacies and Political Junctures; Contemporary Politics and Plurality; Markets and Economic Cultures; Muslims and Religious Plurality; Gender and Sexuality; Indonesia in an Age of Multiple Globalizations. Bringing together original contributions by leading scholars of Indonesia in law political science history anthropology sociology religious studies and gender studies this Handbook provides an up to date interdisciplinary and academically rigorous exploration of Indonesia. It will be of interest to students academics policymakers and others in search of reliable information on Indonesian politics economics religion and society in an accessible format. *Labor and Politics in Indonesia* Teri L. Caraway, Michele Ford, 2020-03-05 The first analysis of how Indonesia's labor movement overcame organizational weakness to become the most vibrant in Southeast Asia.

Comparative Politics of Southeast Asia Aurel Croissant, 2022-09-01 This textbook provides a comprehensive introduction to the political systems of all ASEAN countries and Timor Leste from a comparative perspective. It investigates the political institutions actors and processes in eleven states covering democracies as well as autocratic regimes. Each

country study includes an analysis of the current system of governance the party and electoral system and an assessment of the state its legal system and administrative bodies Students of political science and area studies also learn about processes of democratic transition and autocratic resilience as well as how civil society and the media influence the political culture in each country This second edition features revised and updated versions of all country studies and a new chapter that discusses the trends of democratization and autocratization in Southeast Asia in the late 20th and early 21st centuries

Transformations in Higher Education Governance in Asia Darryl S. L. Jarvis, Ka Ho Mok, 2019-08-06 This book documents experimentation with various policy and governance approaches that produce structural differences in the composition and organisation of Asia's higher education systems In view of the wide variation in the public and private provision of higher education it showcases how issues of access equity and modes of participation are addressed how institutional and programme quality are managed and how academic labour is treated and developed The book both maps these differences and analyses the country level dynamics policy approaches and the problems faced by a variety of states in Asia in the race to develop competitive higher education systems Focusing on the intersection of governance and higher education policy it addresses the challenges facing higher education in Asia and the national responses of governments in terms of the organisation of the sector

Party Politics and Democratization in Indonesia Dirk Tomsa, 2008-09-03 This book presents the first sustained analysis of Indonesian party politics in the post New Order era and the first systematic application of the increasingly influential party institutionalization approach to the case of Indonesia

Politics and the Media in Twenty-First Century Indonesia Krishna Sen, David Hill, 2010-11 This book examines the media in the post authoritarian politics of twenty first century Indonesia It considers how the media is being transformed its role in politics and its potential impact in enabling or hampering the development of democracy in Indonesia

The Jokowi-Prabowo Elections 2.0 Made Supriatma, 2022-08-29 On 17 April 2019 Indonesians marched to the polls to elect their president and vice president directly for the fourth time since 2004 The main contenders for the presidency Joko Jokowi Widodo and Prabowo Subianto were the same as when they first clashed in 2014 and the result was the same Some of the issues raised in 2014 were rehashed in 2019 and the geographical polarization of voters had deepened along the same fault lines There is a case for arguing that 2019 was a replay of the 2014 elections hence the title of this book But 2.0 also signifies progression since nothing is ever exactly the same 2019 has seen the intensification of cyber politics and the curious outcome where former opponents on the electoral battlefield as featured on the cover of this book ended up as colleagues in the same cabinet This volume provides incisive analyses of the dynamics of the elections from multiple perspectives from what is new cyber politics to what persists identity politics from the constituencies that cut across national demographics to the regions and their peculiarities The insights drawn out in this volume will serve as a guide for understanding the next presidential and parliamentary elections in 2024 and beyond

Democracy for Sale Edward Aspinall, Ward Berenschot, 2019-04-15

Democracy for Sale is an on the ground account of Indonesian democracy analyzing its election campaigns and behind the scenes machinations Edward Aspinall and Ward Berenschot assess the informal networks and political strategies that shape access to power and privilege in the messy political environment of contemporary Indonesia In post Suharto Indonesian politics the exchange of patronage for political support is commonplace Clientelism argue the authors saturates the political system and in Democracy for Sale they reveal the everyday practices of vote buying influence peddling manipulating government programs and skimming money from government projects In doing so Aspinall and Berenschot advance three major arguments The first argument points toward the role of religion kinship and other identities in Indonesian clientelism The second explains how and why Indonesia s distinctive system of free wheeling clientelism came into being And the third argument addresses variation in the patterns and intensity of clientelism Through these arguments and with comparative leverage from political practices in India and Argentina Democracy for Sale provides compelling evidence of the importance of informal networks and relationships rather than formal parties and institutions in contemporary Indonesia

Assessing Dynamics of Democratisation O. Törnquist, 2013-10-30 The book summarises the critique of these approaches suggests a comprehensive alternative framework and shows how the alternative works in reality through a case study of the largest of the new democracies Indonesia

Deepening Democracy in Indonesia? Maribeth Erb, Priyambudi Sulistiyanto, 2009 Since the fall of long reigning President Soeharto in 1998 Indonesia has been in an era of transition away from an authoritarian regime and on a quest for democracy This quest started with decentralization laws implemented in 2001 which gave greater autonomy to the regions and continued with the direct elections for the national and local legislatures and the President in 2004 The latest development in this democratization process is the implementation of a system for the direct election of regional leaders which began in 2005 the first round of elections across the nation for all governors mayors and district heads was completed in 2008 Authors of the chapters in this volume the result of a workshop in Singapore in 2006 present data from across the archipelago for these first direct elections for local leaders and give their assessment as to how far these elections have contributed to a deepening democracy

The IMF and the Politics of Financial Globalization B. Thirkell-White, 2005-08-02 The Asian crisis triggered ongoing controversy over the IMF s role in a new international financial architecture This book argues for a political approach to crisis and reform placing current debates in the context of the politics of financial regulation since Bretton Woods It explores links between domestic political controversy over IMF policy in Indonesia Korea Malaysia and the United States and the broader politics of IMF decision making It argues that unless political arrangements are reformed the IMF will face further political challenges

Routledge Handbook of Southeast Asian Democratization William Case, 2015-04-24 Southeast Asia an economically dynamic and strategically vital region seemed until recently to be transiting to more democratic politics This progress has suddenly stalled or even gone into reverse requiring that analysts seriously rethink their expectations and theorizing The Routledge Handbook of Southeast

Asian Democratization provides the first book length account of the reasons for democracy's declining fortunes in the region today. Combining theory and case studies it is structured in four major sections: Stunted Trajectories and Unhelpful Milieus; Wavering Social Forces; Uncertain Institutions; Country cases and democratic guises. This interdisciplinary reference work addresses topics including the impact of belief systems, historical records, regional and global contexts, civil society, ethnicity, women, Islam, and social media. The performance of political institutions is also assessed and the volume offers a series of in depth case studies evaluating the country records of particular democratic, hybrid and authoritarian regimes from a democratization perspective. Bringing together nearly 30 key international experts in the field, this cutting edge Handbook offers a comprehensive and fresh investigation into democracy in the region. This timely survey will be essential reading for scholars and students of Democratization and Asian Politics as well as policymakers concerned with democracy's setbacks in Southeast Asia and the implications for the region's citizens.

Democratization in Post-Suharto Indonesia Marco Bunte, Andreas Ufen, 2008-08-21 This book gives an overview of the difficult and multilayered process of democratization in Indonesia since the fall of its long term autocratic ruler Suharto.

Contemporary Authoritarianism in Southeast Asia William Case, 2013-09-27 Over the past two decades book length analyses of politics in Southeast Asia like those addressing other parts of the developing world have focused closely on democratic change, election events and institution building. But recently democracy's fortunes have ebbed in the region. In the Philippines the progenitor of people power democracy has been diminished by electoral cheating and gross human rights violations. In Thailand though the former Prime Minister Thaksin Shinawatra scored successive electoral victories he so committed executive abuses that he served up the pretext by which royalist elements in the military might mount a coup, one that even gained favour with the new middle class. And in Indonesia lauded today as the region's only democracy still standing, the government's writ over the security forces has remained weak with military commanders nestling in unaccountable domains there to conduct their shadowy business dealings. Elsewhere dominant single parties persist in Malaysia, Singapore, Vietnam, Cambodia and Laos while a military junta perpetuates its brutal control over Burma. This volume the first to bring together a series of country cases and comparative narratives about the recent revival of authoritarian rule in Southeast Asia identifies the structural and voluntarist dynamics that underlie this trend and the institutional patterns that are taking shape. This book was published as a special issue of *The Pacific Review*.
