Republic Of Nothing:

The Republic of Nothing Lesley Choyce, 1994-01-01 The Republic of Nothing ,2010 A small Canadian island declares its independence to the world and benign anarchy reigns A god like ocean deposits many a thing yet it also takes away The 1960s blaze off shore and draw the island s inhabitants into politics the Vietnam War and the peace movement Sound impossible Not on Whalebone Island AKA the Republic of Nothing Where else can a dead circus elephant a long dead Viking the discovery of uranium a raven haired castaway who may be psychic an anarchist turned politician and refugees fleeing from the United States all be part of everyday life Where else is eccentricity embraced with such open arms The Republic ,1851 The Republic Marcus Tullius Cicero, 2018-09-21 Reproduction of the original The Republic by Marcus Tullius Cicero **The Great Republic** James D. McCabe, 1871 **In the Republic of Happiness** Martin Crimp, 2012-12-13 What re you doing here Robert Well to be frank with you I ve really no idea I thought I would just suddenly appear so I did I suddenly appeared A family Christmas is interrupted by the unexpected arrival of Uncle Bob Who is he Why has he come Why does his wife stay out in the car And what is the meaning of his long and outrageous message All we can be sure of is that the world will never be the same again A provocative roll call of contemporary obsessions In the Republic of Happiness premiered at the Royal Court Theatre London in December 2012 **Junior Republic** ,1914 **The Republic of Cicero** Marcus Tullius Cicero, 1829 **The Third Republic in France, 1870-1940** William Fortescue, 2017-07-05 An essential introduction to the major political problems debates and conflicts which are central to the history of the Third Republic in France from the Franco Prussian War of 1870 71 to the fall of France in June 1940 It provides original sources detailed commentary and helpful chronologies and bibliographies on topics including the emergence of the regime and the Paris Commune of 1871 Franco German relations anti Semitism and the Dreyfus Affair the role of women and the importance of the national birth rate the character of the French Right and of French fascism *Summoning Knowledge in Plato's Republic* Nicholas D. Smith, 2019 Nicholas D Smith considers an original interpretation of the Republic presenting it as a work about knowledge and education Smith pays particular attention to Plato s use of images as representations of higher realities in education as well as the power of knowledge in the Republic A Free People's Suicide Os Guinness, 2012-07-10 Os Guinness traces the evolution of the American ideal of freedom from the founders to the present warning that the country s defining experiment is on the verge of failure Summoning historical evidence on the fate of early democracies he argues that without a renewed commitment to the task of virtue America will soon wish away her own freedom **The Venetian Republic** William Carew Hazlitt, 1915 **The Slaveholding Republic** the late Don E. Fehrenbacher, 2002-12-19 Many leading historians have argued that the Constitution of the United States was a proslavery document But in The Slaveholding Republic one of America s most eminent historians refutes this claim in a landmark history that stretches from the Continental Congress to the Presidency of Abraham Lincoln Fehrenbacher shows that the Constitution itself was more or less

neutral on the issue of slavery and that in the antebellum period the idea that the Constitution protected slavery was hotly debated many Northerners would concede only that slavery was protected by state law not by federal law Nevertheless he also reveals that U S policy abroad and in the territories was consistently proslavery Fehrenbacher makes clear why Lincoln's election was such a shock to the South and shows how Lincoln's approach to emancipation which seems exceedingly cautious by modern standards quickly evolved into a Republican revolution that ended the anomaly of the United States as a slaveholding republic

Surveys from Exile Karl Marx, 2010-08-31 Karl Marx was not only the great theorist of capitalism he was also a superb journalist politician and historian In these brand new editions of Marx's Political Writings we are able to see the depth and range of his mature work from 1848 through to the end of his life from *The Communist Manifesto* to *The Class Struggles in France* and *The Critique of the Gotha Programme* Each book has a new introduction from a major contemporary thinker to shed new light on these vital texts Volume 2 *Surveys from Exile* In the 1850s and early 1860s Marx played an active part in politics and his prolific journalism from London offered a constant commentary on all the main developments of the day During this time Marx began to interpret the British political scene and express his considered views on Germany Poland and Russia the Crimean War and American Civil War imperialism in India and China and a host of other key issues *The Class Struggles in France* develops the theories outlined in *The Communist Manifesto* into a rich and revealing analysis of contemporary events while *The Eighteenth Brumaire of Louis Bonaparte* contains equally stimulating reflections on Napoleon III's coup d'etat of 1851

The Fall of the Dutch Republic Hendrik Willem Van Loon, 1913 *The Third Republic from Its Origins to the Great War, 1871-1914* Jean-Marie Mayeur, Madeleine Rebirioux, 1984 This book provides a detailed account of French history from the origins of the Third Republic born out of the collapse of Napoleon III's Second Empire to the coming of the Great War in 1914 Part 1 begins with the fall of the notables and the victory of the republicans Then follows a picture of the economy and society of late nineteenth century France and an examination of spiritual and cultural development under the increasing threat from nationalist and socialist forces The moderate brief ascendancy at the end of the century followed by the extreme sentiments unleashed at the time of the Dreyfus affair brings the story in Part 2 to a more passionately political period when the republic finally became established as a bulwark of bourgeois prosperity witnessing the rise of the banks and big business and the dangerous revival of colonial expansion

Political Violence in the Weimar Republic, 1918-1933 Dirk Schumann, 2012-04 In noting that political violence was the product of choices made by political actors rather than the result of irresistible forces Schumann issues a pertinent warning while making a first rate contribution to the scholarly literature on the Weimar Republic Central European History A well

documented and skillfully argued book German Studies Review In his exceptional regional study of the Prussian province of Saxony Schumann offers a richly detailed analysis of political violence in the Weimar Republic This is a wordy but methodical and ultimately convincing work of scholarship Choice Schumann calls into question some assumptions provides interesting nuances and helps to refine our understanding of the nature of political violence in Weimar Germany Journal of Modern History provides a well documented solid narrative and challenging analysis of Weimar s political violence American Historical Review This definitive work rich in source material and analysis dispels stereotypes of political violence in the Weimar Republic Historische Zeitschrift The Prussian province of Saxony where the Communist uprising of March 1921 took place and two Combat Leagues Wehrverb nde were founded the right wing Stahlhelm and the Social Democratic Reichsbanner is widely recognized as a politically important region in this period of German history Using a case study of this socially diverse province this book provides a comprehensive analysis of political violence in Weimar Germany with particular emphasis on the political culture from which it emerged It refutes both the claim that the Bolshevik revolution was the prime cause of violence and the argument that the First World War s all encompassing brutalization doomed post 1918 German political life from the very beginning The study thus contributes to a view of the Weimar Republic as a state in severe crisis but with alternatives to the Nazi takeover Dirk Schumann is Professor of History at Georg August University G ttingen He is the co editor of Life After Death 2003 Violence and Society after the First World War first issue of Journal of Modern European History 2003 Between Mass Death and Individual Loss 2007 Most recently he has edited Raising Citizens in the Century of the Child The United States and German Central Europe in Comparative Perspective 2010
