Rescue Alert:

The Navigator ,1970 Missing Persons Karen Shalev Greene,Llian Alys,2016-10-14 A missing person is an individual whose whereabouts are unknown and where there is some concern for his or her wellbeing In the UK around 250 000 people are reported missing every year with the majority being children under the age of 18 Despite the fact that missing persons are a social phenomenon which encompasses vast areas of interest relatively little is known about those who go missing what happens to them while they are missing and what can be done to prevent these incidents from occurring This groundbreaking book brings together for the first time ideas and expertise across this vast subject area into one interconnected publication It explores the subjects of missing children missing adults the investigative process of missing person cases and the families of missing persons Those with no prior knowledge or professionals with focused knowledge in some areas will be able to expand their understanding of a variety of topics relevant to this field through detailed chapters which advance our understanding of this complex phenomenon discuss what is unknown and suggest the best and most important steps forward to further advance our knowledge *Guardian Angel* William F. Sine,2013-04-02 A fabulous read filled with heroism history and hi jinks as author William F Sine recounts his life as an Air Force Pararescue Jumper Readers Favorite US Air Force Pararescue is the most skillful and capable rescue force in the world taking on some of the most dangerous rescue missions imaginable PJs short for para jumpers are members of an elite unit whose commando skills are so wide reaching they often seem like something out of science fiction They routinely tackle perilous operations that are beyond the capabilities of other rescue organizations and sometimes dare the seemingly impossible Since their inception in 1947 PJs have saved more than thirty thousand lives They can pluck near frozen climbers off jagged mountaintops and recover shot down jet pilots stranded deep in hostile territory In the dead of night the PJs parachute into ominous black twenty foot tall waves to save distressed seamen and they brave the cruelest and most desolate deserts to recover victims US Air Force pararescuemen have played a prominent role in every armed conflict since the Korean War rescuing thousands of soldiers from behind enemy lines *Guardian Angel* provides a rare glimpse at a PJ s mind blowing adventures You follow Sgt Sine s trek across exotic lands and share his encounters with mysterious cultures Learn what it takes to lower from a helicopter onto the slippery decks of storm tossed ships to rescue dying sailors Feel what it s like to be caught in the middle of a bomb blast so powerful that it tears high rise buildings in half and flattens armored vehicles hundreds of yards away Soar high above towering jungle trees and experience the danger of swinging on a slim cable below a helicopter while performing a mid air rescue of a pilot dangling from his chute a hundred feet above a mountain slope Go to war in Afghanistan and parachute onto a nocturnal battlefield surrounded by land mines to help a mortally wounded soldier This is a deadly serious business When things go wrong they can go terribly wrong Aircraft crash into mountainsides killing all onboard while some PJs live through horrendous helicopter crashes only to struggle with freezing temperatures snapped limbs and torn flesh in a

desperate fight for survival This book presents true stories of uncommon courage told from the perspective of the actual men in the arena PJs belong to an exclusive brotherhood and forge unbreakable bonds of loyalty commitment and sacrifice They do these things for their country to protect their brothers in arms and to honor their motto That Others May Live
