Midcentury Suspension

Claire Seiler,2020-08-11 How did literary artists confront the middle of a century already defined by two global wars and newly faced with a nuclear future Midcentury Suspension argues that a sense of suspension a feeling of being between beginnings and endings recent horrors and opaque horizons shaped transatlantic literary forms and cultural expression in this singular moment Rooted in extensive archival research in literary print and public cultures of the Anglophone North Atlantic Claire Seiler s account of midcentury suspension ranges across key works of the late 1940s and early 1950s by authors such as W H Auden Samuel Beckett Elizabeth Bishop Elizabeth Bowen Ralph Ellison and Frank O Hara Seiler reveals how these writers cultivated modes of suspension that spoke to the felt texture of life at midcentury Running counter to the tendency to frame midcentury literature in the terms of modernism or of our contemporary Midcentury Suspension reorients twentieth century literary study around the epoch s fraught middle

Carter David Schiff,2018 Elliott Carter 1908 2012 was the foremost composer of classical music in America during the second half of the 20th century Over the course of a career that spanned seven decades he consistently produced works that critics hailed as creatively daring intellectually demanding and emotionally complex Distancing himself from the various schools and movements that grew and waned in popularity during the postwar era Carter cultivated a deeply personal musical style that he developed and refined up until the very end of his life This book of the composer springs from author David Schiff s life long interest in Elliott Carter s music and his close personal connection with the composer which spanned over forty years This critical overview of Carter s life and work explores aspects of the composer s

life about which he was usually reticent and occasionally misleading such as his complicated relationships with Charles Ives Aaron Copland Nicolas Nabokov and his own parents Schiff's study of Carter's complete oeuvre from his politically charged Depression era ballets to the deeply personal and reflective late works is based on extensive study of the composer's personal sketches and letters Featuring an in depth look at the legacy project of Carter's final decade seven settings of American modernist poetry by E E Cummings T S Eliot Marianne Moore Ezra Pound Wallace Stevens and William Carlos Williams this newest addition to the Master Musicians Series paints with a fine brush the story of America's foremost composer of the second half of the twentieth century

On the Laws of the Poetic Art Anthony Hecht, 2023-10-17 A magisterial exploration of poetry's place in the fine arts by one of the twentieth century's leading poets In this book eminent poet Anthony Hecht explores the art of poetry and its relationship to the other fine arts While the problems he treats entail both philosophic and theoretical discussion he never allows abstract speculation to overshadow his delight in the written texts that he introduces or in the specific examples of painting and music to which he refers After discussing literature's links with painting and music Hecht investigates the theme of paradise and wilderness especially in Shakespeare's *The Tempest* He then turns to the question of public and private art exploring the ways in which all the arts participate in balances between private and public modes of discourse and between an exclusive or elitist role and the openly political Beginning with a discussion of architecture as an illustration of a more general theme of discord and balance the penultimate lecture probes the inner contradictions of works of art and our reactions to them while the final piece concerns art and morality
