PETER LANG PUBLISHING

Shakespeares Mortal Men Overcoming Death

Sabine Zange

Shakespeare's Mortal Men Overcoming Death:

Shakespeare's Mortal Men Patricia L. Carlin, 1993 This study argues compellingly that the wish to confront and master death is a key shaping force of individual plays of Shakespeare's genres and of his work as a whole Focusing on Richard II Henry IV Part One and Part Two and Henry V the book shows how these plays of the 1590s reflect the transition from a feudal to an early modern society New cultural conditions necessitated new psychological and theatrical strategies for dealing with death strategies enacted by characters within plays by whole plays and by genre itself Love's Labor's Lost and Romeo and Juliet illustrate key strategies operative throughout Shakespeare's comedies and tragedies This book offers fresh insight into individual plays It also casts new light on the nature and function of Shakespearean genre and on the development of the canon as a whole

Emblems of Mortality Clayton G. MacKenzie, 2000-04-12 In our own age the engagement with death has been discretely narrowed into a brief process of formal commemoration and burial but in Shakespeare's time it was ritualized into the very fabric of everyday life where the reminders of death the journey to the grave and the moment of expiry were all central to the cultural engagement with mortality in post Reformation England Inevitably this way of seeing the world impacted the writing of Shakespeare and his contemporaries not only in relation to the intellectual content of the drama but with regard to its visual impressions as well *Emblems of Mortality* explores the relationship between Shakespeare's theatre and popular memento mori and funereal iconography of the Renaissance combining cultural studies and historicism with semiotic analysis of period iconography Through close reading of Elizabethan signs and sign systems with attention to historical context the work seeks to demonstrate the quality and intention of some of Shakespeare's theatrical designs in a way that will appeal to scholars of drama and students of Shakespeare's work

Shakespeare Survey Stanley Wells, Jonathan Bate, Michael Dobson, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback

England's Other Countrymen Onyeka Nubia, 2019-06-15 The Tudor period remains a source of timeless fascination with endless novels TV programmes and films depicting the period in myriad ways And yet our image of the Tudor era remains overwhelmingly white This ground breaking and provocative new book seeks to redress the balance revealing not only how black presence in Tudor England was far greater than has previously been recognised but that Tudor conceptions of race were far more complex than we have been led to believe Onyeka Nubia's original research shows that Tudors from many walks of life regularly interacted with people of African descent both at home and abroad revealing a genuine pragmatism towards race and acceptance of difference Nubia also rejects the influence of the Curse of Ham myth on Tudor thinking persuasively arguing that many of the ideas associated with modern racism are in fact relatively recent developments *England's Other Countrymen* is a bravura and eloquent forgotten history of diversity and cultural exchange and casts a new light on our own attitudes towards race

William Shakespeare Harold Bloom, Sterling Professor of Humanities Harold Bloom, 2009 Presents a collection of critical essays on the comedic

works of William Shakespeare **Love's Labor's Lost, A Midsummer Night's Dream, and The Merchant of Venice**
 Clifford Chalmers Huffman, 1995 *The Upstart Crow*, 2000 *Shakespeare's God* Ivor Morris, 2005 First published in 1972 Shakespeare's God investigates whether a religious interpretation of Shakespeare's tragedies is possible The study places Christianity's commentary on the human condition side by side with what tragedy reveals about it This pattern is identified using the writings of Christian thinkers from Augustine to the present day The pattern in the chief phenomena of literary tragedy is also traced Shakespeare's Patterns of Self-knowledge Rolf Soellner, 1972 The Renaissance evinced a strong interest in self knowledge and the theme is a persistent one in the moral and dramatic literature of the age The ancients slogan *nosce teipsum* became a universal watchword of men schooled in the paramount importance of coming to know themselves Shakespeare's abiding interest in the concept of self knowledge shows itself in the dramatic patterns of his plays in images ideas themes and character portrayals The recurrence of such motifs as the search for the self and the dangers and rewards of finding oneself as well as the prominence of such ideal or nearly ideal characters as Henry V Duke Vincentio and Prospero testify to the powerful influence humanistic notions of self knowledge exerted on Shakespeare as a writer and thinker But his was a changing and developing art in a restless and dynamic age Professor Soellner suggests that as much as Shakespeare's artistic development which also affects his patterns of self knowledge is part of his natural growth into a mature and incomparable dramatist it is yet analogous to the stylistic and philosophic changes that led from the Renaissance through Mannerism toward the Baroque Mr Soellner examines twelve plays in which self knowledge as the Renaissance understood it figures prominently Mindful that concepts of self knowledge are not independent of cultural contexts and that the definitions in the moral literature of the time were notoriously imprecise and unscientific he recognizes that the meaning of the term in Shakespeare's time must be acquired as Shakespeare acquired it that is contextually Mr Soellner distinguishes three points in Shakespeare's evolution an early stage that culminates in the later histories and the romantic comedies in which the dramatist reflected sometimes almost schematically the humanistic patterns of his time a middle or interim phase that begins with Julius Caesar and includes both Hamlet and the problem comedies and in which Shakespeare experiences certain hesitations and entertains some doubts about the patterns accepted uncritically earlier and the final period of the great tragedies and tragicomic romances in which a growing awareness of the unpredictability of human nature leads to a dynamic synthesis in which what is the quintessence of humanism is fused with a full realization of the weakness of codification and a profound sympathy for the human condition In the last of his great plays the tempests Mr Soellner finds Shakespeare composed a brilliant finale in which are worked many of the patterns that he used in his earlier work The dream of The Tempest that man can control himself limit his power and even resign it voluntarily is totally humanistic and may be utopia But it is one of the happiest expectations of man and represents an irresistible affirmation of his potential greatness Rolf Soellner Shakespearean Criticism Michelle Lee, 2002-03 The play's theme or focus of this

volume includes Measure For Measure Romeo and Juliet Time **Shakespeare Quarterly** ,1996 Provides image and full text online access to back issues Consult the online table of contents for specific holdings *Shakespeare Survey* Allardyce Nicoll,1995 An annual survey of Shakespearian study and production *Paper Bullets of the Brain* Shaul Bassi,Roberta Cimarosti,2006 **Tragic Conditions in Shakespeare** Paul A. Kottman,2009-09-22 Paul A Kottman offers a new and compelling understanding of tragedy as seen in four of Shakespeare s mature plays As You Like It Hamlet King Lear and The Tempest The author pushes beyond traditional ways of thinking about tragedy framing his readings with simple questions that have been missing from scholarship of the past generation Are we still moved by Shakespeare and why Kottman throws into question the inheritability of human relationships by showing how the bonds upon which we depend for meaning and worth can be dissolved According to Kottman the lives of Shakespeare s protagonists are conditioned by social bonds kinship ties civic relations economic dependencies political allegiances that unravel irreparably This breakdown means they can neither inherit nor bequeath a livable or desirable form of sociality Orlando and Rosalind inherit nothing but growth itself before becoming refugees in the Forest of Arden Hamlet is disinherited not only by Claudius s election but by the sheer vacuity of the activities that remain open to him Lear s disinheritance of Cordelia bequeaths a series of events that finally leave the social sphere itself forsaken of heirs and forbearers alike Firmly rooted in the philosophical tradition of reading Shakespeare this bold work is the first sustained interpretation of Shakespearean tragedy since Stanley Cavell s work on skepticism and A C Bradley s century old Shakespearean Tragedy **Onstage and Offstage Worlds in Shakespeare's Plays** Anthony Brennan,2021-03-30 Originally published in 1989 this book focuses on the handling of the relationship between the onstage world and the offstage world between the world that Shakespeare shows us and the one he tells us about It is developed in two parts Initially examined is the way reports are used in Shakespeare to relate the offstage and onstage worlds building from simple examples within individual scenes in various plays to related sequences of reports which can be evaluated as part of broader strategies effecting the structure of a whole play In the second part the author examines the ways in which several or all of these strategies work in individual plays and what combined effect the prominent employment of them has in shaping the effect of the plays In all cases the author is concerned to indicate why Shakespeare chose to handle matters as he does rather than in other ways available in the sources or in the speculative alternative methods which can be imaginatively constructed **Truth About William Shakespeare** David Ellis,2013-09-13 A polemical attack on the ways recent Shakespeare biographers have disguised their lack of information *Shakespeare's Sonnets (SparkNotes Literature Guide)* SparkNotes,2014-08-12 Shakespeare s Sonnets SparkNotes Literature Guide by William Shakespeare Making the reading experience fun Created by Harvard students for students everywhere SparkNotes is a new breed of study guide smarter better faster Geared to what today s students need to know SparkNotes provides Chapter by chapter analysis Explanations of key themes motifs and symbols A review quiz and essay topicsLively and

accessible these guides are perfect for late night studying and writing papers *A Key to Shakespeare's Sonnets* by D. Barnstorff. Translated from the German by T. J. Graham. [With the text.] William Shakespeare, 1862 *Shakespeare's Styles* Philip Edwards, 2004-12-16 Shakespeare scholars give an account of particularly important or interesting features of Shakespeare's use of language **Shakespeare's Widows** D. Kehler, 2009-07-20 Shakespeare's Widows moves thirty one characters appearing in twenty plays to center stage Through nuanced analyses grounded in the widows material circumstances Kehler uncovers the plays negotiations between the opposed poles of residual Catholic precept and Protestant practice between celibacy and remarriage Reading from a feminist materialist perspective this book argues that Shakespeare's insights into the political and economic pressures the widows face allow them to elude mechanistic ideology Kehler's book provides extensive historical background into the various religious and cultural attitudes towards widows in early modern England
