Sullivan,Meriem Pagès,2016-09-01 *Imagining the Self Constructing the Past* celebrates the various ways in which the Middle Ages and the Renaissance are adapted recollected and represented in our own day and age Most of the chapters fit broadly into one of three categories namely the representation of the self in medieval and early modern history and literature the recollection and utilization of the past in the Middle Ages and the Renaissance and the role of the medieval and the early modern in our own society Overall the contributions to this volume bear witness to the importance of representation to our understanding of ourselves each other and our shared past **Reverberating Song in Shakespeare and Milton** Erin Minear,2016-04-08 In this study Erin Minear explores the fascination of Shakespeare and Milton with the ability of music heard imagined or remembered to infiltrate language Such infected language reproduces not so much the formal or sonic properties of music as its effects Shakespeare s and Milton s understanding of these effects was determined she argues by history and culture as well as individual sensibility They portray music as uncanny and divine expressive and opaque promoting associative rather than logical thought processes and unearthing unexpected memories The title reflects the multiple and overlapping meanings of reverberation in the study the lingering and infectious nature of musical sound the questionable status of audible earthly music as an echo of celestial harmonies and one writer s allusions to another Minear argues that many of the qualities that seem to us characteristically Shakespearean stem from Shakespeare s engagement with how music works and that Milton was deeply influenced by this aspect of Shakespearean poetics Analyzing Milton s account of Shakespeare s warbled notes she demonstrates that he saw Shakespeare as a peculiarly musical poet deeply and obscurely moving his audience with language that has ceased to mean but nonetheless lingers hauntingly in the mind Obsessed with the relationship between words and music for reasons of his own including his father s profession as a composer Milton would adopt adapt and finally reject Shakespeare s form of musical poetics in his own quest to join the angel choir Offering a new way of looking at the work of two major authors this study engages and challenges scholars of
