Jean-Pierre Fortin,Heiko Schulz,2025-01-27 The Aqedah i e the story of the binding of Isaac by Abraham is a core text in all three Abrahamic religions and has been widely discussed in Judaism Christianity and Islam for centuries It still represents an intellectual moral and spiritual challenge for anyone who claims to be able to link morality and faith in God in a reasonably comprehensible way The contributions in this anthology address this challenge from philosophical theological and literary perspectives by considering exemplary problems epochs and authors pertaining to all three Abrahamic religions The first part contains seven contributions exploring the epistemic and or philosophical dimensions of the Aqedah The second part contains nine essays on the history of the interpretation of the Aqedah from Israelite Jewish Christian and Islamic perspectives The three texts in the third and final part discuss narratological issues and reflections of the problem within modern Hebrew literature The volume complements and expands the existing scholarship on the subject above all through its consistently interreligious approach and the inclusion of current philosophical and literary sources and debates *The*

Kilner, 2017-01-03 Amid current arguments related to human life and dignity Christians must be clear about how their faith speaks to such concerns and what other outlooks have to say This book brings together noted ethicists Russell DiSilvestro David P Gushee Amy Laura Hall John F Kilner Gilbert C Meilaender Scott B Rae and Patrick T Smith to make a Christian case for human dignity It offers a robust critique of five influential alternative positions including the emerging outlook of transhumanism showing how a Christian view supports the crucial idea that people matter in a way other views cannot

*International Legitimacy and the Politics of Security* Alan Craig, 2013-06-20 Delegitimation has become the new battleground for Israel and the critics of Israeli military operations But the Israeli experience reveals a more general engagement where all states act strategically to build legitimacy for their policies and all resist attempts at delegitimation To understand these processes it is necessary to see how politicized moral and legal judgments shape both the use of force by states and our judgments about the means and the outcomes This is a book about legitimacy military lawyers and security More particularly it is about how the legitimacy of Israel's asymmetric military operations cannot be detached from the politics of law and ethics Sometimes it is enough that states respect the laws of armed conflict but at other times they may be held to a higher standard This does not happen in a vacuum Rather it is the product of political engagement in the murky politics of international legitimacy where standards are negotiable and some states get a harder time than others There is a strong theoretical analysis underpinning a discussion that constantly returns to the practical problems of modern armed conflict where combatants hide among civilians and states complain about the unrealistic expectations of human rights NGOs Here the law is unclear and there are choices to be made The book presents new research into the involvement of Israeli military lawyers in operational targeting decision making that has life and death consequences The case studies concern targeted killing during the Second Intifada Israel's 2006 Lebanon War the 2009 Operation Cast Lead in Gaza and finally the 2010 Israeli maritime interception of the Turkish Flotilla to Gaza The investigation identifies a struggle between the proponents of human rights in war and those who promote the rights of states to deploy military force for the security of their citizens But not all parties to a military conflict are held to the same standards In fact the analysis maps a complex political deployment of law and ethics in the strategic calculation of legitimacy costs and the diplomatic processes whereby they are contested with policy implications for those in charge of the design and execution of military operations

*Jacob's Wealth* Paul Vrolijk, 2011-05-10 To study the nature and role of material possessions in the Jacob cycle will result in a deeper

understanding of the Jacob story itself within the wider context of Genesis and the Pentateuch Princeton Alumni Weekly, 1973 The Collected Sermons of Walter Brueggemann - Three-Volume Set Walter Brueggemann, 2020-01-28 These sermons are themselves versions of that dangerous but longed for doxology and they move from ruthlessly honest cultural analysis to confident praise with such linguistic power that one can easily overlook the superb detail the impressive craft and the fine tooling employed by Brueggemann the master preacher The impact of these sermons comes not simply from the finished artwork but also from the artist's technique the preparation of the homiletic canvas the mix of pigment and the brush strokes from the foreword by Thomas G Long Volume One In addition to being one of the world's leading interpreters of the Old Testament Walter Brueggemann is a skilled and beloved preacher This collection of sermons demonstrates Brueggemann's fidelity to biblical texts which come alive with meaning in our contemporary world Throughout Brueggemann also reflects on his preaching Volume One features a biblical index as well as a foreword by Samuel Wells of Duke University who writes Enjoy this volume from a master exegete a master theologian and a master preacher They really are neat sermons And they're for you Volume Two This collection presents over fifty masterful sermons from one of the most trusted preachers today Walter Brueggemann Brueggemann continues his task of making the biblical text available to the church He sees preaching as a performance of God's good rule that in an act of utterance and receptive listening mediates the truthful joyous reality of that rule The sermons are organized according to the church year starting with sermons for Advent Christmas and Epiphany and followed by sermons for Lent and Easter and then Pentecost and Ordinary Time Sermons for other occasions such as ordinations weddings and graduations are also included along with a Scripture index Whether a pastor or a person in the pew the reader will find inspiration reflection and wisdom in Brueggemann's powerful words Volume Three This collection features sixty sermons by Walter Brueggemann preached mostly in the last five years For his final public appearances he preached at various churches and the Festival of Homiletics including his last address there in 2018 Most of these are based on lectionary texts with numerous sermons on Advent Christmas and Lent Easter texts Preachers will find inspiration in the handful of sermons covering special occasions or themes including confirmation evangelism and funerals
