## **Shalom Trieste Gli Itinerari Dellebraismo:**

Leo and His Circle Annie Cohen-Solal, 2010 Traces the life and career of the influential art dealer from his Jewish Italian heritage and midlife entry into the art world to his name making exhibition of an unknown Jasper Johns and emergence as a cultivator of period masters By the author of *Sartre Freud and Italian Culture* Pierluigi Barrotta, Anna Laura Lepschy, Emma Bond, 2009 This book explores the different ways in which psychoanalysis has been connected to various fields of Italian culture such as literary criticism philosophy and art history as well as discussing scholars who have used psychoanalytical methods in their work The areas discussed include the city of Trieste in chapters devoted to the author Italo Svevo and the artist Arturo Nathan psychoanalytic interpretations of women terrorists during the anni di piombo the relationships between the Freudian concept of the subconscious and language in philosophical research in Italy and a personal reflection by a practising analyst who passes from literary texts to her own clinical experience The volume closes with a chapter by Giorgio Pressburger a writer who uses Freud as his Virgil in a narrative of his descent into a modern hell The volume contains contributions in both English and Italian Virtually Jewish Ruth Ellen Gruber, 2002-01-15 More than half a century after the Holocaust in countries where Jews make up just a tiny fraction of the population products of Jewish culture or what is perceived as Jewish culture have become very viable components of the popular public domain But how can there be a visible and growing Jewish presence in Europe without the significant presence of Jews Ruth Ellen Gruber explores this phenomenon traveling through Germany Poland the Czech Republic Austria Italy and elsewhere to observe firsthand the many facets of a remarkable trend Across the continent Jewish festivals performances publications and study programs abound Jewish museums have opened by the dozen and synagogues and Jewish quarters are being restored often as tourist attractions In Europe at the beginning of the twenty first century klezmer music concerts exhibitions and cafes with Jewish themes are drawing enthusiastic and often overwhelmingly non Jewish crowds In what ways Gruber asks do non Jews embrace and enact Jewish culture and for what reasons For some the process is a way of filling in communist era blanks For others it is a means of coming to terms with the Nazi legacy or a key to building or rebuilding a democratic and tolerant state Clearly the phenomenon has as many motivations as manifestations Gruber investigates the issues surrounding this virtual Jewish world in three specific areas the reclaiming of the built heritage including synagogues cemeteries and former ghettos and Jewish quarters the representation of Jewish culture through tourism and museums and the role of klezmer and Yiddish music as typical Jewish cultural products Although she features the relationship of non Jews to the Jewish phenomenon Gruber also considers its effect on local Jews and Jewish communities and the revival of Jewish life in Europe Her view of how the trend has developed and where it may be going is thoughtful colorful and very well informed History of the Literary Cultures of East-Central Europe Marcel Cornis-Pope, John Neubauer, 2006-09-13 Continuing the work undertaken in Vol 1 of the History of the Literary Cultures of East Central Europe Vol 2 considers various topographic sites

multicultural cities border areas cross cultural corridors multiethnic regions that cut across national boundaries rendering them permeable to the flow of hybrid cultural messages By focusing on the literary cultures of specific geographical locations this volume intends to put into practice a new type of comparative study Traditional comparative literary studies establish transnational comparisons and contrasts but thereby reconfirm however inadvertently the very national borders they play down This volume inverts the expansive momentum of comparative studies towards ever broader regional European and world literary histories While the theater of this volume is still the literary culture of East Central Europe the contributors focus on pinpointed local traditions and geographic nodal points Their histories of Riga Plovdiv Timi oara or Budapest of Transylvania or the Danube corridor to take a few examples reveal how each of these sites was during the last two hundred years a home for a variety of foreign or ethnic literary traditions next to the one now dominant within the national borders By foregrounding such non national or hybrid traditions this volume pleads for a diversification and pluralization of local and national histories A genuine comparatist revival of literary history should involve the recognition that treading on native grounds means actually treading on grounds cultivated by diverse people

**Italo Svevo od naturalizma do poziva na sabranost** Mirza Mejdanija, **The Many Faces of Early Modern Italian Jewry** Martin Borýsek, Davide Liberatoscioli, 2024-07-22 The Jewish population of early modern Italy was characterised by its inner diversity which found its expression in the coexistence of various linguistic cultural and liturgical traditions as well as social and economic patterns The contributions in this volume aim to explore crucial questions concerning the self perception and identity of early modern Italian Jews from new perspectives and angles

**The Jews in Mussolini's Italy** Michele Sarfatti, 2006 Provides a comprehensive history from the rise of fascism in 1922 to its defeat in 1945 The author uses statistical evidence to document how the Italian social climate changed from relatively just to irredeemably prejudicial He demonstrates that Rome did not simply follow the lead of Berlin
