Shanghai Gateway To The Celestial Empire:

Shanghai Stella Dong, 2003 The Shanghai Alleyway House Gregory Byrne Bracken, 2013 As a nineteenth century commercial development the alleyway house was a hybrid of the traditional Chinese courtyard house and the Western terraced one Unique to Shanghai the alleyway house was a space where the blurring of the boundaries of public and private life created a vibrant social community In recent years however the city's rapid redevelopment has meant that the alleyway house is being destroyed and this book seeks to understand it in terms of the lifestyle it engendered for those who called it home whilst also looking to the future of the alleyway house Based on groundwork research this book examines the Shanghai alleyway house in light of the complex history of the city especially during the colonial era It also explores the history of urban form and governance in China in order to question how the Eastern and Western traditions combined in Shanghai to produce a unique and dynamic housing typology Construction techniques and different alleyway house sub genres are also examined as is the way of life they engendered including some of the side effects of alleyway house life such as the literature it inspired both foreign and local as well as the portrayal of life in the laneways as seen in films set in the city The book ends by posing the question what next for the alleyway house Does it even have a future and if so what lies ahead for this rapidly vanishing typology This interdisciplinary book will be welcomed by students and scholars of Chinese studies architecture and urban development as well as history and literature

Truetoform Lynn Pan, 2001 Shanghai's Bund and Beyond Niv Horesh, 2009-06-23 As China emerges as a global powerhouse this title examines its economic past and the shaping of its financial institutions Changing Clothes in China Antonia Finnane, 2023-05-30 Historians have long regarded fashion as something peculiarly Western In this surprising sumptuously illustrated book Antonia Finnane challenges this view which she argues is based on nineteenth and twentieth century representations of Chinese dress as traditional and unchanging Fashions she shows were part of Chinese life in the late imperial era even if a fashion industry was not then apparent In the early twentieth century the key features of modern fashion became evident particularly in Shanghai and rapidly changing dress styles showed the effects The volatility of Chinese dress throughout the twentieth century matched vicissitudes in national politics Finnane describes in detail how the close fitting jacket and high collar of the 1911 Revolutionary period the skirt and jacket blouse of the May Fourth era and the military style popular in the Cultural Revolution gave way finally to the variegated globalized wardrobe of today She brilliantly connects China's modernization and global visibility with changes in dress offering a vivid portrait of the complex subtle and sometimes contradictory ways the people of China have worn their nation on their backs **A Wilderness of Marshes** Kerrie L. Macpherson, 2002-01-01 The successful emergence of Shanghai as a world city by the close of the nineteenth century was built upon the establishment of a modern urban base No aspect of Shanghai's infrastructural developments was more critically important than the creation of a public health system A Wilderness of Marshes traces Shanghai's medical infrastructure from its conception to the implementation of a Western style public health system and a municipal government to manage it Kerrie MacPherson details the pioneering actions of Shanghai's capitalist professional and religious communities who skillfully adapted the ideas and practices gaining currency in Western science medicine public morality and urban circumstances to the Asian metropolis **Newspaper Press Directory**, 1927 Advertisers guide
