Shangri La The Return To The World Of Lost Horizon:

Shangri-la Eleanor Cooney, Daniel Altieri, 1996 A sequel to James Hilton's 1933 classic *Lost Horizons* on a hidden valley of permanent youth in Tibet. The time is the 1960s and Hugh Conway, the hero of Hilton's book, returns to Shangri La to save the inhabitants from the evil designs of a Chinese Communist general who has found a map to the place. **Shangri-La** Michael Buckley, 2008-11-25 Appealing to the adventure traveler or armchair reader who simply wishes to browse and dream, this guide promises to lead them into the glorious reality and breathtaking landscapes of the Himalayas. **Prisoners of Shangri-La** Donald S. Lopez, 1999-05 Lopez finds that even as Tibet's romance is invoked by exiled lamas, it ultimately imprisons those who seek the goal of Tibetan independence from Chinese occupation. *Prisoners of Shangri-La* Donald S. Lopez Jr., 2018-02-27 Intro Contents Preface to the Twentieth Anniversary Edition Acknowledgments Introduction Chapter One The Name Chapter Two The Book Chapter Three The Eye Chapter Four The Spell Chapter Five The Art Chapter Six The Field Chapter Seven The Prison Notes Index **Romancing the East** Jerry Hopkins, 2013-03-26 Profiling individual legendary authors, best-selling author Jerry Hopkins combines his research and his own experiences as a longtime expatriate with an intimate knowledge of Asia and offers us a unique perspective on the impact of Eastern culture in Western literature. From the time of Marco Polo's trek across the Central Asian desert to the empire of the mighty Kahn, no other place on earth not the languid South Pacific or even deepest darkest Africa has so challenged and enchanted the Western imagination as have the fabled lands of the East. However soaked in blood, its history and no matter how unsettling its social conditions and poverty, Asia has never lost its irresistible attraction or mystic. It has long been an inspiration for Western novelists so much so that more than 5000 novels have been set in Asia in the English language alone. Storied names like Rudyard Kipling, Joseph Conrad, Pearl S. Buck, George Orwell, Graham Greene, E. M. Forster, and many more have used their experiences in Asia as a vibrant backdrop for some of the world's most famous works of literature. **Free Trade in the Bermuda Triangle-- and Other Tales of Counterglobalization** Brett Neilson, 2004 An alternative approach to mapping the world offers a new way to contest capitalism and globalization. Shangri La, the Bermuda Triangle, Transylvania, the Golden Triangle, far flung in popular conception, these anomalous places nonetheless occupy the same mysterious zone, a mythography of unruly cartographic practices. And because this mythography becomes associated with a particular area of the earth's surface, it may well suggest an alternative means of mapping the world dissociated from the dominant geographical paradigms of nation, state, economic region, and the global-local marketing nexus. Large-scale nonnational geographical spaces that find their genesis in popular feeling, mystery, and belief, these four sites provide Brett Neilson with the basis not only for rethinking the current global reorganization of space and time but also for questioning the dominant narrative by which globalization marks the victory of capitalism. *Free Trade in the Bermuda Triangle* moves between analysis of popular fantasies and engagement with on-the-ground realities, weaving together topics as diverse as airplane disasters off the U.S. Atlantic coast, the global drug

trade vampire culture in postsocialist Europe and the search for utopia in Chinese occupied Tibet The study of globalization is largely a solemn affair occupied with increasing economic polarities environmental degradation and global insecurity Free Trade in the Bermuda Triangle maintains a critical focus on these sobering issues but at the same time asks how popular pleasure and enjoyment can create viable alternatives to the current global order Neilson takes seriously the proposition that capitalism must be contested at its own level of generality finding provisional grounds for resistance in nonlocal transnational spaces that embody quotidian hopes desires and anxieties By studying the real and imagined dimensions of these popular geographies his book seeks resources for social betterment in the fallen mythologies of the contemporary postutopian world

Roof of the World Nicholas Shoumatoff, Nina Shoumatoff, 2000 Travelers and mountaineers recount their journeys and discoveries in some of the most remote places in the world From El Dorado to Lost Horizons Ken Windrum, 2019-03-25

The era known as the Hollywood Renaissance is celebrated as a time when revolutionary movies broke all the rules of the previous classical era as part of the ferment of the late 1960s and early 1970s Yet many films during this era did not overtly

smash the system but provided more traditional entertainment based on popular genres for a wider audience than the youth culture who flocked to more transgressive fare Ken Windrum focuses on four genres of traditionalist movies big budget musicals war spectacles naughty sex comedies and Westerns From *El Dorado* to *Lost Horizons* shows how even seemingly innocuous family oriented films still participated in the progressive aspects of the time while also holding a conservative point of view Windrum analyzes representations of issues including gender roles marriage sexuality civil rights and Cold War foreign policy revealing how these films dealt with changing times and reflected both status quo positions and new attitudes He also examines how the movies continued or deviated from classical principles of structure and style Windrum provides a counter history of the Hollywood Renaissance by focusing on a group of important films that have nevertheless been neglected in scholarly accounts

[A Journey through Knowledge](#) Loredana Frățilă, Codruța Goșa, 2012-11-12 *A Journey through Knowledge* Festschrift in Honour of Hortensia P. rlog is a collection of articles dedicated to one of the best known Romanian university teachers and linguists both in her home country and well beyond its borders. The heterogeneous material both in terms of the range of issues tackled and in terms of the approaches adopted by the authors in the three sections of the volume finds itself a common denominator in the idea of traveling and journey around which they are organized. In the first section *Traveling across Identities and Emotions* Pia Br nzeu touches upon some identity issues in dealing with a form of subversion in *Coz Shakespeare* by Marin Sorescu. Jaques Ramel argues against the opinion that Shakespeare's *A Midsummer's Night Dream* was written to be performed as an epithalamium during wedding ceremonies. Adolphe Haberer brings to the fore the non hero features of the main character in Virginia Woolf's *Jacob's Room*. Liliane Louvel writes about the mirror in literary texts insisting on its potential to send back graphic reflections onto these texts and Maurizio Gotti discusses definitional criteria i.e. the principles according to which a term should be defined. In section two *Traveling in Time and Space* Sl vka Toma kov speaks about the status functions and characteristics of media narrative discourse during the last decade. Aleksandra Kedzierska follows and characterizes various types of journeys in Dickens' *A Christmas Carol* highlighting their significance for celebration. Alberto L. zaro traces the changes that medieval stories abundant in sexual references and instances of adultery have suffered to meet the publication requirements during Franco's regime in Spain. Stephen Tapscott focuses on the relationship between contemporary American poets' lyric and previously

written works especially Modernist while Fernando Galv n examines a number of literary texts centering on cities that have been dreamed of or imagined by various writers to illustrate decay deconstruction and regeneration The third section Traveling between Languages and Cultures opens with Smiljana Komar s account of the translation of some frequent English discourse markers into Slovene and continues with Loredana Pung s illustration of the issue of loss and gain in translation Irma Taavitsainen and P iivi Pahta highlight the functions of the English politeness marker please pliis in Finnish and investigate whether and how its meanings have changed when it has been adopted into the host language Lachlan Mackenzie s contribution rounds off the volume with some suggestions on how recent changes in the English language should be taken into consideration when teachers of English evaluate the linguistic performance of their students
