Shape Of Irish History

Martha C. Carpentier

Shape Of Irish History:

The Shape of Irish History Anthony Terence Quincey Stewart, 2001 A meditation on the nature of history that challenges hitherto sacrosanct assumptions about Ireland's past *The Rise and Fall of Christian Ireland* Crawford Gribben, 2021 The Irish experience of Christianity has never been simple or uncomplicated Here Crawford Gribben describes the ancient emergence long dominance sudden division and recent decline of Ireland's most important religion as a way of telling the history of the island and its peoples from earliest times to the present day *Great Irish Heroes - Fifty Irishmen and Women Who Shaped the World* Stuart Pearson, 2016-04-07 How did the Irish independence movement lead directly to the invention of the modern submarine Who was the Irish Queen of Paraguay whose delusions of grandeur caused the destruction of her adopted country Who escaped execution for participating in the Easter Rising of 1916 only to go on and be elected to the UK Parliament in London Whose belief in reform through non violent means became the inspiration for Mahatma Gandhi Nelson Mandela and Martin Luther King The answers to these questions and more can be found in the pages of *Great Irish Heroes* covering over a thousand years of Irish history and encompassing outstanding leaders in a broad range of pursuits including literature mathematics sport religion entertainment and politics Ireland has for centuries produced a great number of exceptional heroic men and women far out of proportion to the island's small population and geographical size It is also true to say that few nations have been so shaped by their history a history with which the country still resonates today In this companion volume to his *Great Scottish Heroes* Stuart Pearson examines the lives and careers of fifty of the greatest Irishmen and women from St Columba to Brian O Driscoll Brian Boru to Pierce Brosnan In doing so he shows how this remarkable island race has contributed so much to our world and continues to do so to this day **Forgetful Remembrance** Guy Beiner, 2018 *Forgetful Remembrance* offers a new approach to the study of memory by focusing on vernacular historiographies and the notion of forgetting Using the 1798 Irish Rebellion Beiner explores how communities try to obscure inconvenient and uncomfortable events from the past *From Armed Struggle to Political Struggle* Graham Spencer, 2015-06-18 The first study of its kind to link Irish republican identity through the influences of Catholicism the paramilitary campaign and political transformation *James Joyce's America* Brian Fox, 2019-02-21 *James Joyce's America* is the first study to address the nature of Joyce's relation to the United States It challenges the prevalent views of Joyce as merely indifferent or hostile towards America and argues that his works show an increasing level of engagement with American history culture and politics that culminates in the abundance of allusions to the US in *Finnegans Wake* the very title of which comes from an Irish American song and signals the importance of America to that work The volume focuses on Joyce's concept of America within the framework of an Irish history that his works obsessively return to It concentrates on Joyce's thematic preoccupation with Ireland and its history and America's relation to Irish post Famine history Within that context it explores first Joyce's relation to Irish America and how post Famine Irish history as Joyce saw it transformed the

country from a nation of invasions and settlements to one spreading out across the globe ultimately connecting Joyce's response to this historical phenomenon to the diffusive styles of *Finnegans Wake*. It then discusses American popular and literary cultures in terms of how they appear in relation to or as a function of the British Irish colonial context in the post-Famine era and concludes with a consideration of how Joyce represented his American reception in the *Wake*.

Ireland and Medicine in the Seventeenth and Eighteenth Centuries James Kelly, 2016-05-06 The story of early modern medicine with its extremes of scientific brilliance and barbaric practice has long held a fascination for scholars The great discoveries of Harvey and Jenner sit incongruously with the persistence of Galenic theory superstition and blood letting Yet despite continued research into the period as a whole most work has focussed on the metropolitan centres of England Scotland and France ignoring the huge range of national and regional practice This collection aims to go some way to rectifying this situation providing an exploration of the changes and developments in medicine as practised in Ireland and by Irish physicians studying and working abroad during the seventeenth and eighteenth centuries Bringing together research undertaken into the neglected area of Irish medical and social history across a variety of disciplines including history of medicine Colonial Latin American history Irish and French history it builds upon ground breaking work recently published by several of the contributors thereby augmenting our understanding of the role of medicine within early modern Irish society

and its broader scientific and intellectual networks By addressing fundamental issues that reach beyond the medical institutions the collection expands our understanding of Irish medicine and throws new light on medical practices and the broader cultural and social issues of early modern Ireland Europe and Latin America Taking a variety of approaches and sources ranging from the use of epistolary exchange to the study of medical receipt books legislative practice to belief in miracles local professionalization to international networks each essay offers a fascinating insight into a still largely neglected area Furthermore the collection argues for the importance of widening current research to consider the importance and impact of early Irish medical traditions networks and practices and their interaction with related issues such as politics gender economic demand and religious belief **The Parliamentary Debates** Great Britain.
