Shifting Shape, Shaping Text Steven Heine, 1999-01-01 Annotation

Shifting Shape Shaping Text examines the fox koan in relation to philosophical and institutional issues facing the Ch'an Zen tradition in both Sung China and medieval and contemporary Japan **Theosophical Quarterly**, 1927 **The Theosophical Quarterly**, 1927 The Shape of the Past Gordon Graham, 1997 Can human history as a whole be interpreted in any meaningful way Has there been real progress between stone age and space age Does history repeat itself Is there evidence of divine providence Questions such as these have fascinated thinkers and some of the greatest philosophers notably Kant and Hegel have turned their minds to philosophical history As a branch of philosophy however it has received little attention in the analytical tradition This pioneering work aims to bring the methods of analytical philosophy to the critical examination of some of these questions In addition to Hegel and Kant the discussion ranges over the writings of Augustine Machiavelli and Alasdair MacIntyre The ideas of historical progress secularization and the decline of religion cultural cycles historical rupture and God in history are all subjected to careful analysis Gordon Graham argues that although unfashionable the claim that history is the story of progress under the guidance of providence is one of the most plausible accounts of the shape of the past *Incense & Iconoclasm* Charles Leonard Moore, 1915 **The Shape of Fear** Susan Jennifer Navarette, 2021-05-11 During the last decades of the nineteenth century Charles Darwin Thomas Henry Huxley Walter Pater and others changed the nature of thought concerning the human body and the physical environment that had shaped it In response the 1890s saw the publication of a series of remarkable literary works that had their genesis in the intense scientific and aesthetic activity of those preceding decades texts that emphasized themes of degeneration and were themselves stylistically decompositive with language both a surrogate for physical deformity and a source of anxiety Susan J Navarette examines the ways in which scientific and cultural concerns of late nineteenth century England are coded in the horror literature of the period By contextualizing the structural stylistic and thematic systems developed by writers seeking to reenact textually the entropic forces they perceived in the natural world Navarette reconstructs the late Victorian mentalit She analyzes aesthetic responses to trends in contemporary science and explores horror writers use of scientific methodologies to support their perception that a long awaited period of cultural decline had begun In her analysis of the classics *Turn of the Screw* and *Heart of Darkness* Navarette shows how James and Conrad made artistic use of earlier scientific readings of the body She also considers works by lesser known authors Walter de la Mare Vernon Lee and Arthur Machen who produced fin de si cle stories that took the form of hybrid literary monstrosities To underscore the fascination with bodily decay and deformation that these writers explored *The Shape of Fear* is enhanced with prints and line drawings by Victor Hugo James Ensor and other artists of the day This elegantly written book formulates a new canon of late Victorian fiction that will intrigue scholars of literature and cultural history **The Shape of the Past** John Warwick Montgomery, 2008-02-05 Dr Montgomery contends that no one can sit in a house by the side of the road and watch the world go by Everyone is caught up in the flux of human life and there is no naturalistic resting resting place within human history

from which one can gain a universal absolute perspective on man's life Christianity is the only answer to this basic human predicament for it claims and by the resurrection backs up its claim that there is a God and that He entered human history and revealed its essential nature

Scotland's Future Culture Stuart McHardy, 2017-09-26 The culture of all nations is rooted in past experience individual and communal In Scotland's Future History McHardy looked at the misrepresentation of so much of Scotland's political and social history In this new volume he takes a wider look at aspects of Scotland's culture that have been at the heart of how we have developed into who we are in today's world Topics include literature religion history and story the Radical 1790s the remarkable Douglas Young and an introduction to Geomythography a new way of melding prehistory and history to present a new and refreshing way seeing our past Understanding our past is vital to the process of building a new Scotland in the years ahead As Scotland moves towards reclaiming her status among the nations of the world it is important that we understand just how culturally distinctive we are Being Scottish is no better than having any other nationality but is certainly no worse and as this work hopefully shows it is something worth celebrating

The Future Shape of Christian Proclamation Cleophus J. LaRue, Luiz C. Nascimento, 2020-08-03 Christianity is turning brown and moving south The Christianity the West has known is in recession and has all but dwindled out of recognition in the opening years of the twenty first century Well over half of the world's Christians now live in the Global South Africa Asia and Latin America They are according to Aberdeen missiologist Andrew Walls the new Representative Christians What they think about Christianity will matter more and more and what North America thinks about Christianity will matter less and less This massive shift in geography and theological point of departure will have a major impact on Christian preaching now and into the future The Future Shape of Christian Proclamation seeks to begin the conversation about how preaching in the Global South will inform the whole of Christian preaching in the coming years

Brain Bugs: How the Brain's Flaws Shape Our Lives Dean Buonomano, 2011-07-11 Excellent Buonomano reveals the intricate limitations and blessings of the most complex device in the known universe The Atlantic The human brain may be the best piece of technology ever created but it's far from perfect Drawing on colorful examples and surprising research neuroscientist Dean Buonomano exposes the blind spots and weaknesses that beset our brains and lead us to make misguided personal professional and financial decisions Whether explaining why we are susceptible to advertisements or demonstrating how false memories are formed Brain Bugs not only explains the brain's inherent flaws but also gives us the tools to counteract them

How Reason Can Lead to God Joshua Rasmussen, 2019-07-30 Do you value reason science and independent thinking yet you hope there could be a greater purpose to the universe Beginning with his own story of losing the belief in any ultimate purpose in life philosopher Joshua Rasmussen builds a bridge to faith Using only the instruments of reason and common experience Rasmussen constructs a pathway that he argues can lead to meaning and ultimately a vision of God

The Encyclopedia of Vampires, Werewolves, and Other Monsters Rosemary Guiley, 2004 Monsters and shape shifters have always held a special fascination

in mythologies legends and folklore the world over From ancient customs to famous cases of beasts and vampires and their reflections in popular culture 600 entries provide definitions explanations and lists of suggested further reading **Andean Archaeology II** Helaine Silverman,William H. Isbell,2015-01-28 The origins and development of civilization are vital components to the understanding of the cultural processes that create human societies Comparing and contrasting the evolutionary sequences from different civilizations is one approach to discovering their unique development One area for comparison is in the Central Andes where several societies remained in isolation without a written language As a direct result the only resource to understand these societies is their material artifacts In this second volume the focus is on the art and landscape remains and what they uncover about societies of the Central Andes region The ancient art and landscape revealing the range and richness of the societies of the area significantly shaped the development of Andean archaeology This work includes discussions on pottery and textiles iconography and symbols ideology geoglyphs and rock art This volume will be of interest to Andean archaeologists cultural and historical anthropologists material archaeologists and Latin American historians **Encyclopaedia of Religion and Ethics** James Hastings,John Alexander Selbie,Louis Herbert Gray,1912 *Yoga Sastra* Patañjali,1897 **Belcaro** Vernon Lee,1887
