Shaping Of Middle Earth Uk:

Mapping Middle-earth Anahit Behrooz, 2024-01-25 In this cutting edge study of Tolkien's most critically neglected maps Anahit Behrooz examines how cartography has traditionally been bound up in facilitating power Far more than just illustrations to aid understanding of the story Tolkien's corpus of maps are crucial to understanding the broader narratives between humans and their political and environmental landscapes within his legendarium Undertaking a diegetic literary analysis of the maps as examples of Middle earth's own cultural output Behrooz reveals a sub created tradition of cartography that articulates specific power dynamics between mapmaker map reader and what is being mapped as well as the human nonhuman binary that represents human's control over the natural world Mapping Middle earth surveys how Tolkien frames cartography as an inherently political act that embodies a desire for control of that which it maps In turn it analyses harmful contemporary engagements with land that intersect with but also move beyond cartography such as environmental damage human induced geological change and the natural and bodily costs of political violence and imperialism Using historical eco critical and postcolonial frameworks and such theorists as Michel Foucault Donna Haraway and Edward Said this book explores Tolkien's employment of particular generic tropes including medievalism fantasy and the interplay between image and text to highlight and at times correct his contemporary socio political epoch and its destructive relationship with the wider world

The Fellowship Philip Zaleski, Carol Zaleski, 2015-06-02 C S Lewis is the 20th century's most widely read Christian writer and J R R Tolkien its most beloved mythmaker For three decades they and their closest associates formed a literary club known as the Inklings which met every week in Lewis's Oxford rooms and in nearby pubs They discussed literature religion and ideas read aloud from works in progress took philosophical rambles in woods and fields gave one another companionship and criticism and in the process rewrote the cultural history of modern times In *The Fellowship* Philip and Carol Zaleski offer the first complete rendering of the Inklings lives and works The result is an extraordinary account of the ideas affections and vexations that drove the group's most significant members C S Lewis accepts Jesus Christ

while riding in the sidecar of his brother's motorcycle maps the medieval and Renaissance mind becomes a world famous evangelist and moral satirist and creates new forms of religiously attuned fiction while wrestling with personal crises J R R Tolkien transmutes an invented mythology into gripping story in *The Lord of the Rings* while conducting groundbreaking Old English scholarship and elucidating for family and friends the Catholic teachings at the heart of his vision Owen Barfield a philosopher for whom language is the key to all mysteries becomes Lewis's favorite sparring partner and for a time Saul Bellow's chosen guru And Charles Williams poet author of supernatural shockers and strange acolyte of romantic love turns his everyday life into a mystical pageant Romantics who scorned rebellion fantasists who prized reality wartime writers who believed in hope Christians with cosmic reach the Inklings sought to revitalize literature and faith in the twentieth century's darkest years and did so in dazzling style

The Ring and the Cross: The ring Paul E. Kerry, 2011 The influence of J R R Tolkien's Christianity on his writing has sparked intense discussion and debate What has been lacking is a forum for a civilized discussion about the topic as well as a chronological overview of the major arguments and themes that have engaged scholars about the impact of Christianity on Tolkien's oeuvre with particular reference to *The Lord of the Rings* *The Ring and the Cross* addresses these two needs

The Ideal of Kingship in the Writings of Charles Williams, C.S. Lewis and J.R.R. Tolkien Christopher Scarf, 2013-06-27 In his distinctive work Christopher Scarf explores the writings of the three most prominent Oxford Inklings Charles Williams 1886 1945 C S Lewis 1898 1963 and J R R Tolkien 1892 1973 to reveal and contrast their conceptions of the ideal of kingship divine human and mythological As practising Christians the faith of all three writers was central to their literary and personal visions of kingship society love beauty justice and power Scarf investigates their belief in God as Creator and heavenly King opinions on the nature of His very being and the way in which all believed the Creator to be unique rather than one among many The relationship between the earthly and heavenly King is considered as well as the extent to which the writers contend that earthly kings are God's viceregents act with His authority and are duty bound to establish and sustain just and joyous societies Examining the writings of all three men in detail Scarf also highlights the covert evidence of their lives and personalities which may be discovered in their texts An understanding of the authors individual but overlapping views of the essential meaning of Kingship and their personalities and early lives will enrich the reader's appreciation of their created worlds This volume provides a unique focus on Kingship and the Christian beliefs of three well loved writers and will be of interest to any reader seeking a fuller understanding of the individuals and their works
