Shattered Images Fred A. Reed, 2003 Discusses all of the major Islamic faiths in its search for the origins of contemporary fundamentalist movements *Re-Imagining the Other* M. Eid, K. Karim, 2014-07-24 The twenty first century exploded into the global imagination with unforgettable scenes of death and destruction An apocalyptic clash of civilizations seemed to be waged between two old foes the West and Islam However the decade long and ruinous war on terror has prompted re assessments of the militaristic approach to Western Muslim relations A growing number of academics policymakers religious leaders journalists and activists view the struggles as resulting from a clash of ignorance *Re imagining the Other* examines the ways in which knowledge is manipulated by dominant Western and Muslim discourses Authors from several disciplines study how the two societies have constructed images of each other in historical and contemporary times The complexities and subtleties of their mutually productive relationship are overshadowed by portrayals of unremitting clash thus serving as encouragement for the promotion of war and terrorism The book proposes specific approaches to re imagine the Other in order to mitigate Western Muslim conflict And Freedom Became a Public-square Najib George Awad, 2012 From an Arab Christian perspective this book introduces some of the substantial components and the pivotal ramifications of the latest revolutions in the Arab World known as the Arabic Spring It offers a fresh timely and intellectual reading of the promising Spring in Syria and in the rest of the born again Arab world The first part of the book looks at the uprisings in general while the second part examines Christians in the Arab world and their view of the uprisings with primary attention to the case of Syria The third part is an invitation for developing an Arabic contextual religious discourse out of the recent Arabic world s deeply religious context and changes The book will benefit those who would like to have a general idea about what happened and is still happening in the Arab world as well as those who would like to get some insightful and coherent understanding of why how and on what presumptions the Arab Christians base their appraisal of and stances on the Arabic Spring Series Studies on Oriental Church History Studien zur Orientalischen Kirchengeschichte Vol 46 **The Nation** ,2003
