Shattered Spectrum A Survey Of Contemporary Theology:

The Shattered Spectrum Lonnie D. Kliever, 1981 *Ricoeur and Theology* Dan R. Stiver, 2012-09-27 Paul Ricoeur 1913 2005 has been heralded as one of the most notable philosophers of the twentieth century Like a stone skipping across the philosophical pond he would write a major work in one field then move on to another As a consequence he is among the most interdisciplinary of philosophers whose work not only explores such areas as existentialism phenomenology hermeneutics structuralism psychoanalysis metaphor narrative and political ethics it also bridges the gulf between Continental and Anglo American philosophy Despite this diversity one can identify continuous threads running through Ricoeur's work that make him a major representative of hermeneutical philosophy developing it much further in a critical direction One of the areas to which he contributed greatly almost in passing was the philosophy of religion where he made notable contributions in the areas of symbol metaphor and epistemology Ricoeur's work has been appropriated in theology but often in an indirect way This book will help the reader grasp the breadth of a complex philosopher indicating the increasing relevance and appropriation of Ricoeur's work in theology Evangelical Theological Method Stanley E. Porter, Steven M. Studebaker, 2018-07-10 How should one approach the task of theology This Spectrum volume brings together five evangelical theologians with distinctly different approaches to the theological task who present their own approach and respond to each of the other views Emerging from this theological conversation is an awareness of our methodological commitments and the benefits that each can bring to the theological task **The Barthian Revolt in Modern Theology** Gary J. Dorrien, 2000-01-01 In this history of the rise development and near demise of Karl Barth's theology Gary Dorrien carefully analyzes the making of the Barthian revolution and the reasons behind its simultaneously dominating and marginal character He discusses Barth's relationship to his predecessors and contemporaries as well as to modern theologians and argues that his approach to theology was deeply indebted to his liberal past **Scripture in the Theologies of W. Pannenberg and D.G. Bloesch** Frank M. Hasel, 2004-03-01 Scripture has always played an important role in Christian theology This study provides an issue oriented overview of the concepts of Scripture in Protestant theology from the 16th century Reformation onward It then sets forth the concepts of Scripture in the theologies of two contemporary systematic theologians W Pannenberg and D G Bloesch It analyzes compares and evaluates the theological and anthropological presuppositions that have influenced their concept of Scripture Despite fundamentally different starting points and other significant distinctions Pannenberg and Bloesch reveal surprising similarities This seems to suggest that for both the concept of Scripture is determined ultimately by presuppositions that are derived and shaped extra scripturam **Theology After Ricoeur** Dan R. Stiver, 2001-01-01 Dan Stiver presents the implications of Paul Ricoeur's hermeneutical philosophy for a postmodern theology by providing a comprehensive interpretation of Ricoeur and then applying Ricoeur's hermeneutical theory to biblical interpretation and theology Stiver situates Ricoeur's contributions in the Yale Chicago debate and shows how Ricoeur's

textual theory provides a real alternative to George Lindbeck on the one hand and deconstruction on the other **Theology Without Boundaries** Carnegie Samuel Calian,1992-01-01 In this book Carnegie Samuel Calian who was baptized in the Eastern tradition and raised a Protestant promotes greater dialogue and exchange among Christians of the East and West He seeks to make Christians aware of the diversity of faith and offers suggestions and insight to this end Explorations of Systematic Theology Willard M. Swartley,2017-05-24 The following essays were among those presented in June 1983 at a consultation on hermeneutics and systematic theology convened by The Institute of Mennonite Studies in Elkhart Indiana Participants came from Canada and the United States They represented the three largest Mennonite groups in North America From the Introduction **Pandemonium Tremendum** James E. Huchingson,2010-02-01 James E Huchingson takes computer and information science seriously in this constructive theology Central to his reflection is an understanding of the primordial chaos Pandemonium Tremendum not as destructive but as the source out of which God creates sustains and empowers creatures to become co creators *The Community of the Weak* Hans-Peter Geiser,2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story **A Living Theology of Krishna Bhakti** Tamal Krishna Goswami,2012-06-15 A C Bhaktivedanta Swami Prabhupada 1896 1977 founder of the Hare Krishna Movement traced his lineage to the fifteenth century Indian saint Sri Chaitanya He authored more than fifty volumes of English translation and commentaries on Sanskrit and Bengali texts serving as a medium between these distant authorities and his modern Western readership and using his writings as blueprints for spiritual change and a revolution in consciousness He had to speak the language of a people vastly disparate from the original recipients of his tradition s scriptures without compromising fidelity to the tradition Tamal Krishna Goswami claims that the social scientific philosophical and insider forms of investigation previously applied have failed to explain the presence of a powerful interpretative device a mahavakya or great utterance that governs and pervades Prabhupada s living theology of devotion on bhakti For Prabhupada the wide range of vedic subject matter is governed by the axiomatic truth Krishna is the Supreme Personality of Godhead Goswami s academic training at the University of Cambridge his thirty years experience as a

practitioner and teacher and his extensive interactions with Prabhupada as both personal secretary and managerial representative afforded him a unique opportunity to understand and illuminate the theological contribution of Prabhupada In this work Goswami proves that the voice of the scholar practitioner can be intimately connected with his tradition while sustaining a mature critical stance relative to his subject A Living Theology of Krishna Bhakti includes a critical introduction and conclusion by Graham M Schweig

No Place for Truth David F. Wells, 1994-12-20 Evangelicals argues Wells have largely lost the truth that God also stands outside all human experience that he still summons sinners to repentance and belief regardless of their self image and that he calls his church to stand fast in his truth against the blandishments of the modern world

The Bible in Theology and Preaching Donald K. McKim, 1999-05-05 Soul in Society Gary J. Dorrien, 1995 Gary Dorrien s major work addresses the roots of and remedy to the current crisis in American Christian social ethics Focusing on the story of American liberal Protestantism the book examines in fascinating depth the three major movements in this century the Social Gospel Christian Realism and Liberation Theology in a way that also brings African American feminist environmentalist Catholic and other voices into the increasingly multicultural quest Dorrien then carefully assesses the crisis of social Christian thought in a culture that is increasingly secular materialistic and dominated by capitalism He shows how the progressive Christian vision of social and economic democracy can be redeemed in the face of its apparent defeat He argues strongly for a social Christianity faithful to the spiritual reality and kingdom oriented ethic of the way of Christ Dorrien s engaging narrative knowledgeable and fair analysis and thoughtful proposal bring desperately needed clarity and commitment to the Christian social conscience

Perdue, In this informative and keen look at contemporary trends in Old Testament theology Perdue builds on his earlier volume The Collapse of History 1994 He investigates how a variety of perspectives and methodologies have impacted how the Old Testament is read in the twenty first century including literary criticism rhetorical criticism feminist womanist and mujerista theologies liberation theology Jewish theology postmodernism and postcolonialism Perdue provides a sensitive reading of the aims of these approaches as well as providing critique and setting them in their various cultural contexts In his conclusion the author provides a look at the future and how these various voices and approaches will continue to impact how we carry out Old Testament theology

Inculturation and Postcolonial Discourse in African Theology Edward P. Antonio, 2006 What is inculturation How is it practiced and what is its relationship to colonial and postcolonial discourses In what ways if any does inculturation represent the decolonization of Christianity in Africa This book explores these questions and argues that inculturation is a species of postcolonial discourse by placing it in the larger context of what has now come to be known as Africanism and by showing how the latter and through it inculturation itself fully participates in the history of postcolonial struggles for indigenous self definition in Africa The thirteen contributors to this volume represent a group of young scholars from the southern eastern and western regions of Africa They come from different disciplines theology philosophy and biblical studies Although they take different approaches to the question of inculturation the fact that they engage it at all is illustrative of the methodological significance of inculturation in African theology
