**Empire and Pilgrimage in Conrad and Joyce** Agata Szczeszak-Brewer, 2017-06-27 Original and significant This book shows us how Conrad and Joyce manipulate representations of imperialist belief in the sacred to indict Western culture for its racist colonization This striking reading of modernism emphasizes Conrad's and Joyce's use of chaos in general and pilgrimage in particular in terms of mapmaking racial denigration and strategies of power Szczeszak-Brewer makes spectacular connections between sacred language nation building and literary representation Georgia Johnston author of *The Formation of Twentieth Century Queer Autobiography* Though they were born a generation apart Joseph Conrad and James Joyce shared similar life experiences and similar literary preoccupations Both left their home countries at a relatively young age and remained lifelong expatriates *Empire and Pilgrimage in Conrad and Joyce* offers a fresh look at these two modernist writers revealing how their rejection of organized religion and the colonial presence in their native countries allowed them to destabilize traditional notions of power colonialism and individual freedom in their texts Throughout Agata Szczeszak-Brewer ably demonstrates the ways in which these authors grapple with the same issues the grand narrative paralysis hegemonic practices the individual's pilgrimage toward unencumbered self definition within the rigid bounds of imperial ideologies and myths The result is an engaging and enlightening investigation of the writings of Conrad and Joyce and of the larger literary movement to which they belonged

Intertextuality in Contemporary African Literature Ode Ogede, 2011-09-16 Intellectual exchange among African creative writers is the subject of this highly innovative and wide ranging look at several forms of intertextuality on the continent Focusing on the issue of the availability of old canonical texts of African literature as a creative resource this study throws light on how African authors adapt reinterpret and redeploy existing texts in the formulation of new ones Contemporary African writers are taking advantage of and extending the resources available in the existing native literary tradition But the field of inter ethnic trans national African literary inter textual studies is a novel one in itself as the theme of African writers debt to Euro American authors has been the critical commonplace in African literature Detailing the echoes and reverberations the voices of the past have generated and the distinctive uses to which the writers are putting one another's works the book demonstrates that the influence of local stock is significant it is pervasive and widespread and manifests itself in ways both random and systematic but it is a ubiquitous presence in the African literary imagination

*Ulysses and the Poetics of Cognition* Patrick Colm Hogan, 2013-09-05 Given *Ulysses* perhaps unparalleled attention to the operations of the human mind it is unsurprising that critics have explored the work's psychology Nonetheless there has been very little research that draws on recent cognitive science to examine thought and emotion in this novel Hogan sets out to expand our understanding of *Ulysses* as well as our theoretical comprehension of narrative and even our views of human cognition He revises the main narratological accounts of the novel clarifying the complex nature of narration and style He extends his cognitive study to encompass the anti colonial and gender concerns that are so obviously

important to Joyce's work. Finally, through a combination of broad overviews and detailed textual analyses, Hogan seeks to make this notoriously difficult book more accessible to non-specialists.

**Suspicious Readings of Joyce's "Dubliners"**  
Margot Norris, 2010-11-24. Because the stories in James Joyce's *Dubliners* seem to function as models of fiction, they are able to stand in for fiction in general in their ability to make the operation of texts explicit and visible. Joyce's stories do this by provoking skepticism in the face of their storytelling. Their narrative unreliabilities, produced by strange gaps, omitted scenes, and misleading narrative prompts, arouse suspicion and oblige the reader to distrust how and why the story is told. As a result, one is prompted to look into what is concealed, omitted, or left unspoken, a quest that often produces interpretations in conflict with what the narrative surface suggests about characters and events. Margot Norris's strategy in her analysis of the stories in *Dubliners* is to refuse to take the narrative voice for granted and to assume that every authorial decision to include or exclude or to represent in a particular way may be read as motivated. *Suspicious Readings of Joyce's Dubliners* examines the text for counterindications and draws on the social context of the writing in order to offer readings from diverse theoretical perspectives. *Suspicious Readings of Joyce's Dubliners* devotes a chapter to each of the fifteen stories in *Dubliners* and shows how each confronts the reader with an interpretive challenge and an intellectual adventure. Its readings of *An Encounter*, *Two Gallants*, *A Painful Case*, *A Mother*, *The Boarding House*, and *Grace* reconceive the stories in wholly novel ways, ways that reveal Joyce's writing to be even more brilliant, more exciting, and more seriously attuned to moral and political issues than we had thought.

**Joyce's Book of Memory**  
John S. Rickard, 1999-01-06. Discusses *Ulysses*, arguing that through the operation of memory it mimics the working of the human mind and achieves its status as one of the most intellectual achievements of the 20th century.

*Fake*  
Dónal O'Sullivan, 2023-10-02. Throughout history, forgers have attempted to fabricate documents to manipulate the historical record. The book explores the most egregious cases, their intent, effectiveness, exposure, and significance, from the Donation of Constantine to the Protocols of the Elders of Zion to the Hitler Diaries. Ironically, forgeries have helped advance the discipline of history. Case studies trace how scholars worked to reveal the truth behind bogus manuscripts while developing new tools and standards for accuracy and authenticity. In the age of fake news and digital editing software, the spectacular history of fraud in print has never been more relevant.

**Shaw**  
Gale K. Larson, MaryAnn Krajnik Crawford, 2003. Shaw, now in its twenty-third year, publishes general articles on Shaw and his milieu, reviews, notes, and the authoritative Continuing Checklist of Shawiana, the bibliography of Shaw studies.

**The World Republic of Letters**  
Pascale Casanova, 2004. The world of letters has always seemed a matter more of metaphor than of global reality. In this book, Pascale Casanova shows us the state of world literature behind the stylistic refinements, a world of letters relatively independent from economic and political realms and in which language systems, aesthetic orders, and genres struggle for dominance. Rejecting facile talk of globalization with its suggestion of a happy literary melting pot, Casanova exposes an emerging regime of inequality in the world of letters, where minor languages and literatures are subject to the

invisible but implacable violence of their dominant counterparts Inspired by the writings of Fernand Braudel and Pierre Bourdieu this ambitious book develops the first systematic model for understanding the production circulation and valuing of literature worldwide Casanova proposes a baseline from which we might measure the newness and modernity of the world of letters the literary equivalent of the meridian at Greenwich She argues for the importance of literary capital and its role in giving value and legitimacy to nations in their incessant struggle for international power Within her overarching theory Casanova locates three main periods in the genesis of world literature Latin French and German and closely examines three towering figures in the world republic of letters Kafka Joyce and Faulkner Her work provides a rich and surprising view of the political struggles of our modern world one framed by sites of publication circulation translation and efforts at literary annexation
