*Shedding and Literally Dreaming* Verena Stefan, 1994 A A A This volume brings together prose from three decades of writing by Verena Stefan one of the most influential contemporary feminist writers in the world A A A The original 1975 German publication of *Shedding* a novella that narrates the radical transformation of a young woman against the backdrop of the early 1970s women's civil rights and health care movements created such a stir that the work has been hailed as the feminist equivalent to Mao's little red book To date over 300 000 copies of *Shedding* have been sold in Germany Included here is the first English translation of *Literally Dreaming* a delightful collection of eight stories written in the 1980s drawing a portrait of life as the narrator of *Shedding* may have envisioned it women living together in natural and rural settings independent of men Stefan has written for this volume a new essay *Euphoria and Cacophony* which traces the extraordinary reception and backlash that greeted *Shedding* in the 1970s and the effect on her both as a writer and as a symbol of the German women's movement A A A In resonant prose and with a refreshing honesty Stefan speaks to the universality of women's lives a concept popular in the 1970s and 1980s and ripe for re discussion now in the 1990s Stefan was a pioneer in experimental writing before the phrase was coined and her writing about women's lives is as immediate today as when it first exploded on the German literary scene A A A

The Pragmatics of Literary Testimony Chantelle Warner, 2013 In this book Warner examines a number of German language literary autobiographies that are connected to diverse social movements of the last forty years These books have all received critical attention from the popular press topped bestseller lists and have been pivotal in discussions of authenticity subjectivity and referentiality Because of the thematic diversity of these works scholars within literary and cultural studies have tended to treat them separately under topical categories such as women s literature the post war generation migration and multiculturalism etc Underlying Warner s analysis is the belief that the social construction of autobiographical acts is as much a matter of textuality as it is of topicality i e how language means rather than what it means and that a pragmatic stylistic approach is well suited to describing how literary autobiographies come to function as testimonies to certain collective experiences By presenting a model for an integrative stylistics approach The Prgamatics of Literary Testimony participates in current discussions within fields of literary linguistic scholarship as well as autobiographical theory In its analysis of key examples of German social testimonies from the late twentieth century this book incorporates insights from discourse analysis pragmatics cogntive poetics and sociolinguistics in order to demonstrate that this diverse body of works constitutes a particular form of textual practice defined by what the author calls authenticity effects feelings of realism immediacy exemplarity genuineness and social relevance Such a study of authenticity as a poetic effect can help us to better understand the testimonial glamour owned by various types of autobiographical narration

Desire Anna Clark,2019-03-28 A sweeping survey of sexuality in Europe from the Greeks to the present Desire A History

of European Sexuality follows changing attitudes to two major concepts of sexual desire: desire as dangerous, polluting and disorderly; and desire as creative, transcendent, even revolutionary through the major turning points of European history. Chronological in structure and wide ranging in scope, *Desire* addresses such topics as sex in ancient Judaism, Christianity and Islam; sexual contact and culture clash in Spain and colonial Mesoamerica; new attitudes toward sexuality in the seventeenth and eighteenth centuries; and sex in Bolshevik Russia and Nazi Germany. The book introduces the concept of twilight moments to describe activities seen as shameful or dishonorable but which were tolerated when concealed by shadows, and integrates the history of heterosexuality with same sex desire as well as exploring the emotions of love and lust as well as the politics of sex and personal experiences. This new edition has been updated to include a new chapter on sex and imperialism and expanded discussions of Islam and trans issues. Drawing on a rich array of sources including poetry, novels, pornography and film as well as court records, autobiographies and personal letters, and written in a lively, engaging style, *Desire* remains an essential resource for scholars and students of the history of European sexuality as well as women's and gender history, social and cultural history, and LGBTQ history.

**The Summer of Theory** Philipp Felsch, 2021-09-16. Theory, a magical glow has emanated from this word since the sixties. Theory was more than just a succession of ideas; it was an article of faith, a claim to truth, a lifestyle. It spread among its adherents in cheap paperbacks and triggered heated debates in seminar rooms and cafés. The Frankfurt School, Structuralism, Post-Structuralism, Adorno, Derrida, Foucault: these and others were the exotic schools and thinkers whose ideas were being devoured by young minds. But where did the fascination for dangerous thoughts come from? In his magnificently written book, Philipp Felsch follows the hopes and dreams of a generation that entered the jungle of difficult texts. His setting is West Germany in the decades from the 1960s to the 1990s, in a world frozen in the Cold War movement only came from big ideas. It was the time of apocalyptic master thinkers, upsetting reading experiences and glamorous incomprehensibility. As the German publisher Suhrkamp published Adorno's *Minima Moralia* and other High Theory works of the Frankfurt School, a small publisher in West Berlin, Merve Verlag, provided readers with a steady stream of the subversive new theory coming out of France. By following the adventures of the publishers who provided the books and the reading communities that consumed and debated them, Philipp Felsch tells the remarkable story of an intellectual revolt when the German Left fell in love with Theory.

**Translation and Gender** Luise Von Flotow, 2016-04-08 The last thirty years of intellectual and artistic creativity in the 20th century have been marked by gender issues Translation practice translation theory and translation criticism have also been powerfully affected by the focus on gender As a result of feminist praxis and criticism and the simultaneous emphasis on culture in translation studies translation has become an important site for the exploration of the cultural impact of gender and the gender specific influence of culture With the dismantling of universal meaning and the struggle for women's visibility in feminist work and with the interest in translation as a visible factor in cultural exchange the linking of gender and translation has created fertile ground for explorations of influence in writing rewriting and reading Translation and Gender places recent work in translation against the background of the women's movement and its critique of patriarchal language It explains translation practices derived from experimental feminist writing the development of openly interventionist translation strategies the initiative to retranslate fundamental texts such as the Bible translating as a way of recuperating writings lost in patriarchy and translation history as a means of focusing on women translators of the past

Bullivant, 1997-09-01 With the fall of the Berlin Wall in November 1989 four decades of separation seemed to have been brought to an end In the literary arena as in many others this seemed to be the surprising but ultimately logical end to the situation in which after the extreme separation of the two Germanies literatures during most of the period up to 1980 an increasing closeness could be observed during the 1980s as relations between the two German states normalized With the opening up of the East in the Autumn of 1989 claims were being made on the one hand that German literature had never in fact been divided while others were proclaiming the end of East and West German literatures as they had existed and the beginning of a new era This volume examines these claims and other aspects of literary life in the two Germanies since 1945 with the hindsight born of unification in 1990 as well as looking at certain aspects of developments since the fall of the Wall when as on East German put it in 1996 rapprochement came to an end
