

The background of the book cover is a photograph of a forest path. Sunlight filters through the trees, creating a bright, hazy glow in the center of the path. The ground is covered in fallen leaves in shades of brown, orange, and yellow. Bare, dark tree branches frame the top and sides of the path. The overall mood is peaceful and contemplative.

look forward to In this book psychoanalyst Danielle Quinodoz highlights the value of old age and the fact that although many elderly people have suffered losses either of their own good health or through bereavement most have managed to retain the most important thing their sense of self Quinodoz argues that growing old provides us with the opportunity to learn more about ourselves and instead of facing it with dread it should be celebrated Divided into accessible chapters this book covers topics including the internal life history remembering phases of life anxiety about death being a psychoanalyst and growing old Throughout *Growing Old* the author draws on both her clinical experience of working with the elderly and her own personal experience of growing old This makes it an interesting read for both practising psychoanalysts and those who wish to gain a greater insight of the natural progression into later life
