of a series of interweaving case studies and focuses on Catherine Talbot 1721-70, Anne Steele 1717-78 and Ann Bolton 1743-1822 and on their literary interactions with friends and family. Considered together these subjects and sources allow comparison across denomination for Talbot was Anglican, Steele a Baptist and Bolton a Methodist. Further, it considers women's life writings as spiritual legacy as manuscripts were preserved by female friends and family members and continued to function in religious communities after the death of their authors. Various strands of enquiry weave through the book: questions of gender and religion themselves inflected by denomination; themes related to life writings and manuscript cultures; and the interplay between the writer as individual and her relationships and communal affiliations. The result is a variegated and highly textured account of eighteenth-century women's spiritual and writing lives. **Nonconformist**

Adrian Randall, 2006-11-30. *Riotous Assemblies* examines eighteenth and early nineteenth-century England through the lens of popular disorder. Adrian Randall shows how conflicts and tensions in high politics contributed to a potent national sense of freedom and right giving ordinary people the confidence to respond vigorously to any threat to their customary liberties. He demonstrates how the rulers of eighteenth-century England were forced to manage disorder through a mixture of judicious theatre and periodic repression and how economic and social transformation led to fundamental changes in the nature of popular protest. *Common People* Alison Light, 2015-09-17. Family history begins with missing persons. Alison Light writes in *Common People* 'We wonder about those we've lost and those we never knew about the long skein that led to us and to here and to now. So we start exploring. Most of us however give up a few generations back. We run into a gap, get embarrassed by a never-do-well or simply find our ancestors are less glamorous than we'd hoped. That didn't stop Alison Light in the last

weeks of her father's life she embarked on an attempt to trace the history of her family as far back as she could reasonably go. The result is a clear-eyed, fascinating, frequently moving account of the lives of everyday people of the tough decisions and hard work, the good luck and bad breaks that chart the course of a life. Light's forebears: servants, sailors, farm workers, were among the poorest traveling the country looking for work; they left few lasting marks on the world. But through her painstaking work in archives and her ability to make the people and struggles of the past come alive, Light reminds us that every life, even glimpsed through the chinks of the census, has its surprises and secrets. What she did for the servants of Bloomsbury in her celebrated *Mrs Woolf and the Servants*, Light does here for her own ancestors and by extension everyone's: draws their experiences from the shadows of the past and helps us understand their lives estranged from us by time yet inextricably interwoven with our own. Family history in her hands becomes a new kind of public history. **Women, Dissent**

Clapp, Julie Roy Jeffrey, 2011-04-21 This volume of eight essays examines the role that religious traditions practices and beliefs played in women s involvement in the British and American campaigns to abolish slavery during the late eighteenth and early nineteenth centuries It focuses on women who belonged to the Puritan and dissenting traditions

The Cambridge Social History of Britain, 1750-1950 F. M. L. Thompson, 1990 Whilst in certain quarters it may be fashionable to suppose that there is no such thing as society historians have had no difficulty in finding their subject The difficulty rather is that the advance has occurred through such an outpouring of research and writing that it is hard for anyone but the specialist to keep up with the literature or grasp the overall picture In these three volumes as is the tradition in Cambridge Histories a team of specialists has assembled the jigsaw of recent monographic research and presented an interpretation of the development of modern British society since 1750 from three complementary perspectives those of regional communities of the working and living environment and of social institutions Each volume is self contained and each contribution thematically defined contains its own chronology of the period under review Taken as a whole they offer an authoritative and comprehensive view of the manner and method of the shaping of society in the two centuries of unprecedented demographic and economic change

To Express the Ineffable Cynthia Y. Aalders, 2009-04-01 Anne Steele 1717 1778 was one of the most well known and best loved hymn writers of the eighteenth century and her hymns remained exceedingly popular until late in the nineteenth century being reprinted regularly in hymnbooks throughout Britain and North America She was the first major woman hymn writer as well as the most popular Baptist hymn writer in the history of the church Despite this she has been largely neglected as a subject of academic enquiry until now This book aims to elucidate Steele s spirituality and to clarify her unique contribution to eighteenth century hymnody It takes an interdisciplinary approach setting Steele s devotional expression in its theological literary and historical contexts and providing comparison to other eighteenth century figures It uses archival sources to reconstruct her life and work offers a close reading of her verse and concludes that Steele made a significant and as yet underrated contribution to eighteenth century devotional expression
