Women on Nature Katharine Norbury, 2021-05-13. What would happen I wondered if I simply missed out the fifty per cent of the population whose voices have been credited with shaping this particular cultural form. If I coppiced the woodland so to speak and allowed the light to shine down to the forest floor and illuminate countless saplings now that a gap has opened in the canopy. There has in recent years been an explosion of writing about place, landscape and the natural world. But within this blossoming of interest women's voices have remained very much in the minority. For the very first time this landmark anthology collects together the work of women over the centuries and up to the present day who have written about the natural world in Britain, Ireland and the outlying islands of our archipelago. Alongside the traditional forms of the travelogue, the walking guide, books on birds, plants and wildlife, *Women on Nature* embraces alternative modes of seeing and recording that turn the genre on its head. Katharine Norbury has sifted through the pages of women's fiction, poetry, household planners, gardening diaries and recipe books to show the multitude of ways in which they have observed the natural world about them from the fourteenth century writing of the anchorite Julian of Norwich to the seventeenth century travel journal of Celia Fiennes, from the keen observations of Emily Brontë to a host of brilliant contemporary voices. *Women on Nature* presents a groundbreaking vision of the natural world which in addition to being a rich and scintillating anthology that shines a light on many unjustly overlooked writers is of unique importance in terms of women's history and the history of writing about nature. Transactions of the Shropshire Archaeological and Natural History Society Shropshire

Archaeological and Natural History Society (Great Britain), 1914. **Proceedings of the annual meeting of sheep farmers** Massey Agricultural College, Palmerston North, N.Z., 1933. *Middlebrow Feminism in Classic British Detective Fiction* M. Schaub, 2013-02-21. This is a feminist study of a recurring character type in classic British detective fiction by women: a woman who behaves like a Victorian gentleman. Exploring this character type leads to a new evaluation of the politics of classic detective fiction and the middlebrow novel as a whole. *Embalmer's Recipe Book* Ann Lingard, 2015-02-11.

People flowers memories how do we preserve the past Set in the Lake District the shifting mosaic of the narrative explores life love and prejudice through three very different women Ruth a taxidermist Madeleine a widowed sheep farmer and Lisa a mathematician As Lisa is drawn into the group it becomes clear that the other women have strange secrets Ruth's blogs have an increasingly dark undertone but these stark themes are offset by the warmth and humour of the rural community to which the women are bound A charming intelligent and engrossing book with enough dark heart to drag it away from the domain of standard female fiction fare and into much more engaging territory I found myself drawn in by the delicate prose and fascinating descriptions an engrossing and enjoyable read Kat Arney A powerful and haunting story An exhilarating and compelling read Professor Sir John Sulston Nobel Laureate An intriguing novel in a haunting setting rich in texture humorous and concerned raising important questions about science and our relation to the natural world to the individuals we know and to the communities we live in A lovely book Jenny Uglow A rich absorbing intriguing novel All of the characters felt like real people whom I would want to know an absorbing clever writer Oxford Times
