Beginning is the hardest ITPment not because openers are all that scarce but because you're blowing into cracking a universe I Maurice Natanson openings are already directed toward closings The first question in presenting a body of work is where to cut in This is an especially difficult question since the cut in provides a perspective on what follows A cut is an angle of entry Wherever I enter from there a realm unfolds itself In that sense my angle of entry is my point of view A realm cut into has an orientation It evidences a hierarchy of importance relevance accessibility value or logic Its content is no longer neutral and equivalent From my perspective the realm is not only differentiated in substance but differential in significance There is a relation between angles and attitudes Where I look from is tied up with how I see The first cut opens out into a frame of reference What count as lines of evidence in that realm materialize along with its background expectancies its assumptions concentrations and confusions its cost/plogy quirks and enchantments Hence once I am committed to a perspective I am implicated in a methodology one possessed of puzzles of a certain shape ITPping toward solutions within its orthodoxy Openings are directed toward closings Another cut would open onto another realm The realm of events I cut into is a Taleworld inhabited by characters acting in their own space and time **Home Leave** Libby

Had She But Known Charlotte MacLeod,2016-12-06 Before Agatha Christie there was America s Mistress of Mystery This is the story of her life and creative legacy from the butler who did it to Batman In the decades since her death in 1958 master storyteller Mary Roberts Rinehart has often been compared to Agatha Christie But while Rinehart was once a household name today she is largely forgotten The woman who first proclaimed the butler did it was writing for publication years before Christie s work saw the light of day She also practiced nursing became a war correspondent and wrote a novel The Bat that inspired Bob Kane s creation of Batman Born in Allegheny City Pennsylvania before it was absorbed into Pittsburgh and raised in a close knit Presbyterian family Mary Roberts was at once a girl of her time dutiful God fearing loyal and a quietly rebellious spirit For every hour she spent cooking cleaning or sewing at her mother s behest while her frail younger sister had fun Mary eked out her own moments of planning dreaming and writing But becoming an author wasn t on her radar yet Bestselling mystery writer Charlotte MacLeod grew up on Rinehart s artfully crafted novels such as the enormously successful The Circular Staircase cozies before the concept existed After years of seeing Christie celebrated and Rinehart overlooked MacLeod realized that it was time to delve into how this seemingly ordinary woman became a sensation whose work would grace print stage and screen From Rinehart s grueling training as a nurse and her wartime interviews with a young Winston Churchill and Queen
