

The very desire to live is the messenger of death,  
as the longing to be happy is the outline of  
sorrow. The world is an ocean of pain and fear,  
anxiety and despair. Pleasures are like the fishes,  
few and swift, coming rarely, quickly gone.

## **Longing Like Despair:**

*A Longing Like Despair* Alan Grob, 2002 A major aim of Grob's study is to show Arnold as poet to be possessed of far greater philosophic depth and subtlety than his critics have usually credited him with by identifying the deep affinities and shared weltanschauung of his poetic vision with the metaphysical pessimism of Schopenhauer the major European philosopher whose insistence on the cosmic opposition between the world as will and the world as idea provided the most important philosophic alternative in the nineteenth century to the age's otherwise dominant progressive historicism Jacket

Resisting history Rhodri Hayward, 2013-07-19 How can historians make sense of visions hauntings and demonic possession Do miraculous events have any place in a world governed by cause and effect In *Resisting history* Rhodri Hayward examines the cumulative attempts of theologians historians and psychologists to create a consistent and rational narrative capable of containing the inexplicable This lucid and provocative account argues that the psychological theories we routinely use to make sense of supernatural experience were born out of struggles between popular mystics and conservative authorities Hayward's lively analysis of the Victorian disciplines of Christology psychology and psychical research reveals how our modern concept of the subconscious was developed as a tool for policing religious inspiration Written in a clear and accessible style *Resisting history* provides a fresh and entertaining perspective for anyone interested in questioning the concepts that underlie historical writing and psychological thought today      **Reading Poetry** Tom Furniss, Michael Bath, 2022-04-06 *Reading Poetry* offers a comprehensive and accessible guide to the art of reading poetry Discussing more than 200 poems by more than 100 writers ranging from ancient Greece and China to the twenty first century the book introduces readers to the skills and the critical and theoretical awareness that enable them to read poetry with enjoyment and insight This third edition has been significantly updated in response to current developments in poetry and poetic criticism and includes many new examples and exercises new chapters on world poetry and eco poetry and a greater emphasis throughout on American poetry including the impact traditional Chinese poetry has had on modern American poetry The seventeen carefully staged chapters constitute a complete apprenticeship in reading poetry leading readers from specific features of form and figurative language to larger concerns with genre intertextuality Caribbean poetry world poetry and the role poetry can play in response to the ecological crisis The workshop exercises at the end of each chapter together with an extensive glossary of poetic and critical terms and the number and range of poems analysed and discussed 122 of which are quoted in full make *Reading Poetry* suitable for individual study or as a comprehensive self contained textbook for university and college classes      **Victorian Horace** Stephen Harrison, 2017-06-01 The poetry of Horace was central to Victorian male elite education and the ancient poet himself suitably refashioned became a model for the English gentleman

Horace and the Victorians examines the English reception of Horace in Victorian culture a period which saw the foundations of the discipline of modern classical scholarship in England and of many associated and lasting social values It shows that the scholarly study translation and literary imitation of Horace in this period were crucial elements in reinforcing the social prestige of Classics as a discipline and its function as an indicator of gentlemanly status through its domination of the elite educational system and its prominence in literary production The book ends with an epilogue suggesting that the framework of study and reception of a classical author such as Horace so firmly established in the Victorian era has been modernised and democratised in recent years matching the movement of Classics from a discipline which reinforces traditional and conservative social values to one which can be seen as both marginal and liberal **Victorian Noon** Carl

Dawson,2020-03-24 Originally published in 1979 Carl Dawson looks at the year 1850 which was an extraordinary year in English literary history to study both the great and forgotten writers to survey journals and novels poems and magazines and to ask questions about dominant influences and ideas His primary aim is descriptive How was Wordsworth s Prelude received by his contemporaries on its publication in 1850 How did reviewers respond to new tendencies in poetry and fiction Who were the prominent literary models But Dawson s descriptions also lead to broader theoretical questions about such issues as the status of the imagination in an age obsessed by mechanical invention about the public role of the writer the appeal to nature and the use of myth and memory To express the Victorians estimation of poetry for example Dawson presents the contrasting views help by two eminent Victorians Macaulay and Carlyle In Macaulay s opinion the advance of civilization led to the decline of poetry Carlyle on the other hand saw the poet as a spiritual liberator in a world of materialists The fusion of the poet s personal and public roles is witnessed in a discussion of the two mid Victorian Poet Laureates Wordsworth and his successor Tennyson In analyzing the relationship between the two writers works Dawson also highlights the extent of the Victorians admiration for Dante To give a wider perspective of the status of literature during this time Dawson examines reviews prefaces and other remarks Critics he shows made a clear distinction between poetry and fiction Thus in 1850 a comparison between say Wordsworth and Dickens would not have been made Dawson however does compare the two by focusing on their uses of autobiography Dickens surfaces again in a discussion of Victorian periodical publishing Here Dawson compares the Pre Raphaelites short lived journal The Germ with Dickens enormously popular Household Words and a radical paper The Red Republican which printed the first English version of The Communist Manifesto in 1850 In bringing together materials that have often been seen as disparate and unrelated and by suggesting new literary and ideological relationships Carl Dawson has written a book to inform almost any reader whether scholar of Victorian literature or lover of Dicken s novels *The Home Book of Verse, American and English, 1580-1920* Burton Egbert Stevenson,1926 Collects both American and English children s poetry from 1580 1920 **Franklin Square Library** ,1878 **British Poets of the Nineteenth Century** Curtis Hidden Page,1926 Victorian Poetry: An Anthology Erik Gray,Veronica Alfano,2025-04-23
