Encyclopedic Learners' Dictionaries Martin Stark,2015-03-30 This book describes and evaluates the usefulness of a recently developed lexicographical hybrid the encyclopedic learner s dictionary ELD First the ELD is analysed from a typological perspective Two encyclopedic learners dictionaries are dissected and compared and a checklist of ELD design features is drawn up A survey of previous user based studies is then provided followed by a description of the questionnaire based methodology used in this user centred investigation Next a critical analysis of each ELD design feature is provided Finally the implications of this research for the future production of ELDs are presented as a checklist of recommendations
