Longman Anthology Of Contemporary American Poetry 1950 1980:

The Longman Anthology of Contemporary American Poetry, 1950-1980 Stuart Friebert, David Young, 1983 The Longman Anthology of Contemporary American Poetry Stuart Friebert, David Young, 1989-01-01 A collection of American The Longman Anthology of Contemporary American Poetry, 1950-1980 Stuart poetry written since World War II Poetry And Contemporary Culture A.M. Roberts, 2019-08-07 The cultural value of poetry is critically Friebert, 1983 examined in this book from anthologies and academia to film and the internet Attention is also given to the role of political ideologies and local national and ethnic identities in the formation of poetic values With chapters by distinguished critics from both sides of the Atlantic the book ranges widely over contemporary poetry in America and the British Isles and explores transatlantic connections Informed by current theoretical debates around ideas of value the chapters focus these through clear discussion of texts in various media including the work of a wide variety of poets and movements The book carries forward the debate on the value of contemporary poetry amongst critics scholars and practitioners while offering rich material for students and teachers of contemporary poetry and culture Contributors Jonathan Allison Vicki Bertram Paul Breslin Cairns Craig Robert Crawford Lilias Fraser Alan Golding Romana Huk Marjorie Perloff Andrew Michael Roberts Features Focuses on the relationship between poetry and cultural practices Informed by current theoretical debates about value Wide range of British and American poetry discussed by leading critics from both sides of the Atlantic *Auden* Aidan Wasley, 2010-12-28 How W H Auden's emigration to the United States changed the course of postwar American poetry W H Auden's emigration from England to the United States in 1939 marked more than a turning point in his own life and work it changed the course of American poetry itself The Age of Auden takes for the first time the full measure of Auden s influence on American poetry Combining a broad survey of Auden's midcentury U S cultural presence with an account of his dramatic impact on a wide range of younger American poets from Allen Ginsberg to Sylvia Plath the book offers a new history of postwar American poetry For Auden facing private crisis and global catastrophe moving to the United States became in the famous words of his first American poem a new way of happening But his redefinition of his work had a significance that was felt far beyond the pages of his own books Aidan Wasley shows how Auden's signal role in the work and lives of an entire younger generation of American poets challenges conventional literary histories that place Auden outside the American poetic tradition In making his case Wasley pays special attention to three of Auden's most distinguished American inheritors presenting major new readings of James Merrill John Ashbery and Adrienne Rich The result is a persuasive and compelling demonstration of a novel claim In order to understand modern American poetry we need to understand Auden's central place within it The Columbia Granger's Dictionary of Poetry Quotations Edith P. Hazen,1992 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect

ones problem solving capacity Intoxicating Minds is in the author's words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain's neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally Intoxicating Minds considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies L. Languages of Liberation Walter B. Kalaidjian,1989 Private Fire Matthew James Babcock,2011-04-18 Matthew J Babcock s Private Fire Robert Francis s Ecopoetry and Prose is an examination of the life and work of one of America s most intriguing but tragically obscure writers Babcock uses his own personal relationship Robert Francis s work which emphasizes conservation and connectedness to our natural surroundings to illuminate both overtones and nuances that are undoubtedly useful to those interested in poetry and ecology Babcock begins with a brief biographical section intended to set the tone for readers previously unfamiliar with Robert Francis and then continues into an analysis of the influence of Emily Dickinson and

Robert Frost on Francis s work Starting in Chapter Three Private Fire shifts into the realm of literary analysis and discusses various angles of Francis s work from representations of gender and sexual identity prose contributions both fiction and non fiction religion and politics to themes of conservation place making experimental poetic styles and asceticism finishing with a discussion of Francis s only long narrative poem Valhalla This poem joins other prophetic works in musing upon environmental apocalypticism Matthew I Babcock finishes this detailed and thoughtful volume with concluding meditations that situate Robert Francis with his contemporaries helping readers to locate him historically and contextually amongst other 20th century writers By using biography and literary theory as the lens through which one interprets Francis s work Private Fire Robert Francis's Ecopoetry and Prose successfully navigates the literary and cultural environment surrounding a poet who himself was so connected with the world around him Poetry Index Annual, 1992 Ilona Roth, Roth Publishing, Inc.
