Azar Nafisi deftly explores the worlds apparently lost to Nabokov's characters their portals of access to those worlds and how other worlds hold a mirror to Nabokov's experiences of physical linguistic and recollective exile Written before Nafisi left the Islamic Republic of Iran and now published in English for the first time and with a new introduction by the author this book evokes the reader's quintessential journey of discovery and reveals what caused Nabokov to distinctively shape and reshape that journey for the author

The Crowning of a Poet's Quest Paola Loreto, 2009 This first extended study of Derek Walcott's *Tiepolo's Hound* 2000 defines the book as the culmination of the poetry and poetics of the Caribbean writer and Nobel Prize winner In this long poem Walcott achieves three goals pursued throughout his career to develop an original Caribbean aesthetic to meld the modes of poetry and prose and to formulate the *Bildung* of the island artist in terms of an autobiographical narrative The analysis provides an aesthetic and cultural evaluation of the poem in terms both of the Western poetic tradition to which it refers through its rich intertextuality and of its significance as a postcolonial milestone The commentary locates Walcott in an aesthetic tradition running from Emerson through the American Pragmatists to modernist poets describes his experimental use of certain central narrative strategies in his semi autobiographical long poems which is compared to those of another openly admired bilingual writer Vladimir Nabokov explores Walcott's revision of the epic mode and of the genre of autobiography delineates his unfolding of a post Romantic internalization of the poet's Arthurian quest and discusses his complex treatment of the multi layered metaphor of light as major evidence of the maturity of his style and poetics with their conscious cross fertilization between the literary cultures of Europe and the Caribbean An appendix to this study contains the transcriptions of various Walcott events that took place in Italy in the summers of 2000 and 2001 including a creative writing seminar a press conference and readings This extensive material opens a window onto Walcott's gifts as a teacher to his stringent yet passionate commitment to the art of poetry and to the ways in which he and his students grapple with the challenges of literary translation

A Plurilingual Analysis of Four Russian-American Autobiographies Michele Russo, 2020-09-07 Among the many examples of Russian American migr literature a number of less known authors moved to the USA following their predecessors transnational and plurilingual experiences The bilingual and sometimes trilingual expressions in their works written in English invite a contrastive analysis of their transition from their source language Russian to their target language English This book explores the linguistic structure of the autobiographies of four Russian American writers Cournos Nabokov Berberova and Shteyngart bringing into focus the linguistic geology of their texts as they record their passage from a Russian world to an English one These linguistic passages are examined from both a synchronic and a diachronic perspective by dwelling on the geographies of the migr's itineraries as well as on the process of linguistic transformation that such itineraries generated By analyzing these writers geographic and linguistic routes this volume engages the reader in a metalinguistic discourse and highlights the influence of these first plurilingual experiments on modern theories concerning linguistic globalization

Vladimir Nabokov Brian Boyd, 2016-06-10

or Ardor and the unparalleled autobiography *Speak Memory* disclosing otherwise unknown information about the author's world. Sharing his personal reflections as he recounts the adventures, hardships, and revelations of researching Nabokov's life oeuvre, he cautions against using Nabokov's metaphysics as the key to unlocking all of the enigmatic author's secrets. Assessing and appreciating Nabokov as novelist, memoirist, poet, translator, scientist, and individual, Boyd helps us understand more than ever Nabokov's multifaceted genius.

Narratives of Nothing in 20th-Century Literature Meghan Vicks, 2017-04-20

The concept of nothing was an enduring concern of the 20th century. As Martin Heidegger and Jean Paul Sartre each positioned nothing as inseparable from the human condition and essential to the creation or operation of human existence, as Jacques Derrida demonstrated how all structures are built upon a nothing within the structure, and as mathematicians argued that zero, the number that is also not a number, allows for the creation of our modern mathematical system, *Narratives of Nothing in 20th Century Literature* suggests that nothing itself enables the act of narration. Focusing on the literary works of Vladimir Nabokov, Samuel Beckett, and Victor Pelevin, Meghan Vicks traces how and why these writers give narrative form to nothing, demonstrating that nothing is essential to the creation of narrative: that is, how our perceptions are conditioned, how we make meaning or madness out of the stuff of our existence, how we craft our knowable selves, and how we exist in language.

Nabokov Leona Toker, 2016-11-01

Vladimir Nabokov described the literature course he taught at Cornell as a kind of detective investigation of the mystery of literary structures. Leona Toker here pursues a similar investigation of the enigmatic structures of Nabokov's own fiction. According to Toker, most previous critics stressed either Nabokov's concern with form or the humanistic side of his works, but rarely if ever the two together. In sensitive and revealing readings of ten novels, Toker demonstrates that the need to reconcile the human element with aesthetic or metaphysical pursuits is a constant theme of Nabokov's, and that the tension between technique and content is itself a key to his fiction. Written with verve and precision, Toker's book begins with *Pnin* and follows the circular pattern that is one of her subject's own favored devices.

Anatomy of a Short Story Yuri Leving, 2012-06-07

Since its first publication in 1948, one of Vladimir Nabokov's shortest short stories, *Signs and Symbols*, has generated perhaps more interpretations and critical appraisal than any other that he wrote. It has been called one of the greatest short stories ever written, and a triumph of economy and force, minute realism and shimmering mystery. Brian Boyd, *Vladimir Nabokov: The American Years*. *Anatomy of a Short Story* contains the full text of *Signs and Symbols*, line numbered and referenced throughout, correspondence about the story, most of it never before published between Nabokov and the editor of *The New Yorker*, where the story was first published, 33 essays of literary criticism bringing together classic essays and new interpretations, a round table discussion in which a screenwriter, a theater scholar, a mathematician, a psychiatrist, and a literary scholar bring their perspectives to bear on *Signs and Symbols*. *Anatomy of a Short Story* illuminates the ways in which we interpret fiction and the short story in particular.

The Five Senses in Nabokov's Works Marie Bouchet, Julie Loison-Charles, Isabelle Poulin, 2020-06-19 This collection of essays focuses on a subject largely neglected in Nabokovian criticism the importance and significance of the five senses in Vladimir Nabokov's work poetics politics and aesthetics This text analyzes the crucial role of the author's synesthesia and multilingualism in relation to the five senses as well as the sensual and erotic dimensions of sensoriality in his works Each chapter provides a highly focused and sometimes provocative approach to the unique role that sensory perceptions play in the shaping and narrating of Nabokov's memories and in his creative process
